BACKGROUND / KEY ISSUES / CONTRIBUTING FACTORS:

Cities and other organizations typically "write-off" old accounts receivable (A/R) after all reasonable collection efforts have failed to collect the balance due. This practice accomplishes two primary purposes: a) reflect a truer picture of outstanding A/R in financial reports; and b) allows staff to focus their efforts on more recent bills where the probability of collecting is much higher.

New Mexico Statute, NMSA 1978, Section 3-37-7, "Determination of uncollectible account; removal from accounts receivable," authorizes the City Council, by resolution, to remove accounts that have been uncollectible for more than four (4) years from the City of Las Cruces (City) list of accounts receivable as shown in Exhibit "A" and Exhibit "B." The accounts listed are final bills that have been sent to a collection agency or are uncollectible because the customer has filed for bankruptcy. The removal process does not extinguish a customer's debt owed to the City, and the City may proceed to collect the amount owed after it has been "written-off" for accounting purposes, unless it has been discharged in bankruptcy.

A write-off of accounts receivable has no effect on revenues, expenses, or net assets.
