8 *if any member of the city council, city manager, or any member of the city staff has any*  
9 *known conflict of interest with any item on the agenda.*

10  
11 Mayor Miyagishima asked if anyone had any conflicts with anything on the agenda?

12  
13 Councillor Sorg said I will be abstaining from Items 17 and 19 because I am an employee of Zia  
14 Engineering.

15  
16 -----  
17

18 **III. PUBLIC PARTICIPATION**

19  
20 Robert Green, Member of the Public said the issues with Fairbanks have been going on for about 26  
21 months and now there has been another hit and run. This area is extremely unsafe and I would like  
22 to request that you close it down at both ends until it is made safe.

23  
24 James Large, St. Paul's Methodist Church Pastor said regarding Item 7, I am here to complain that  
25 we did not receive proper notification that this was going to be on the agenda. I would like to request  
26 that you not move forward with this item.

27  
28 -----

15  
16 **VI. RESOLUTIONS AND/OR ORDINANCES FOR DISCUSSION**

17  
18 \*(7) Resolution No. 10-159: A Resolution Supporting an Affordable Housing Project on a Parcel  
19 Presently Owned by the City of Las Cruces in Downtown Las Cruces at the Northwest  
20 Corner of Griggs Avenue and Water Street. The Resolution Further Authorizes the  
21 Development and Execution of a Property Lease of the City-Owned Property for the Purpose  
22 of Constructing an Affordable Housing Project in Accordance With the City's Affordable  
23 Housing General Oversight Ordinance and the State's Affordable Housing Act on the Same  
24 City-Owned Parcel.

25  
26 Councillor Connor Moved to Adopt Resolution No.10-159 and Councillor Silva Seconded the  
27 motion.

28  
29 -----

30  
31 David Dollahon, Neighborhood Services Administrator gave an overhead presentation and said this  
32 is a proposal for an affordable housing project on the corner of Griggs Avenue and Water Street  
33 which is what we refer to as the El Paso Electric parking lot but it is a City owned parcel. This  
34 project would have 60 units of studio and one bedroom apartments.

35  
36 Mayor Miyagishima asked isn't there a way to have affordable housing without labeling it as  
37 affordable housing?

38  
39 David Dollahon said there are ways in which we can do that; one way is inclusionary zoning but we  
40 opted not to pursue that avenue and pursue other avenues for affordable housing, like a land bank  
41 and a trust fund which staff is working on at this point. This would be our dedication of land to  
42 affordable housing which is the equivalent of a land bank. We are giving it to the developers at a  
43 discounted rate so that they can use that as collateral for the future development of this project.

1

2 Councillor Thomas said I am part of the Affordable Housing Ad Hoc Committee and we did opt out  
3 and not do inclusionary zoning but we did choose land banks and trust funds. Our need for affordable  
4 housing is great and this would be our first opportunity for a land bank. I think we need to stick with  
5 what we have chosen to do and we have already selected this area for affordable housing.

6

7 Councillor Pedroza said there are a lot of high end homes already available so we do need more  
8 affordable housing for this community.

9

10 Mayor Miyagishima said I agree that we need more affordable housing and I think it should be mixed  
11 in with other income level housing. Would this land require rezoning?

12

13 David Dollahon said no.

14

15 Councillor Connor said I agree that we need affordable housing but I don't think this property is the  
16 best location for it. We need to have a public meeting and get the public's input on this issue. This  
17 is a prime piece of property and this design isn't what we sold the public on for this area about five  
18 years ago.

19

20 Mayor Miyagishima said I would like for us to start including the purpose of action for items that  
21 are on the agenda setting memo so we can be more informed of the items that are going to be on the  
22 agenda.

23

24 Councillor Connor said I agree because a lot of people were upset that this item was put on the  
25 consent agenda.

26

27 Councillor Pedroza said I do hope this area will be maintained properly because affordable housing  
28 usually isn't maintained and that becomes an issue with the neighbors.

29

30 Tom Hassell, Housing Authority said it was my understanding that there was a master plan done for  
31 the Downtown and it included affordable housing. This is moving fast because New Mexico  
32 Mortgage Finance Authority has a Qualified Allocation Plan which outlines the point value of how  
33 they are going to rate applications every year and we have a very short time frame to apply for it.

34

35

36 Mark Allison, Developer gave an overhead presentation and said we are currently working on an  
37 affordable housing project in Albuquerque. This is an excellent opportunity for Las Cruces and  
38 people need to live in the Downtown area. We believe this design would be an asset to this area.  
39 Right now, this property is a surfaced parking lot and it's not generating any income for the City.

40

41 Mayor Miyagishima said we need to keep the public informed and give them the opportunity to give  
42 us their input on this issue.

43

1 Mark Allison said I would prefer more time but the credit cycles are done once annually and I don't  
2 know when we'll get another opportunity like this.

3

4 Mayor Miyagishima asked what do these credits provide you?

5

6 Mark Allison said each State gets an allocation and the agency, which in this case is New Mexico  
7 Mortgage Finance Authority, does competitive rounds for applications for these credits.

8

9 Mayor Miyagishima said the problem is the residents of that area haven't had a chance to sit down  
10 and look at this and give us their input.

11

12 Councillor Connor asked why are you looking at this particular property?

13

14 Mark Allison said some of the things we're looking for is an area that has walk ability, transit  
15 oriented development and we were told to stay away from the new Federal Courthouse because of  
16 the parking issues.

17

18 Councillor Connor said there are several properties in the Downtown area, like the City Office  
19 Center property, that would be a better location for affordable housing. I'm not in favor of using this  
20 particular property for this project.

21

22 Councillor Silva asked if we delayed this project and tabled this until January; would you have  
23 enough time to have public meetings and meet your deadline?

24

25 Mark Allison said yes, but it would be very tight.

26

27 Terrence Moore, City Manager said we can have it moved to the January 19<sup>th</sup> meeting.

28

29 Councillor Silva said I first heard about this project in November and it was very appealing to me.  
30 I would recommend that we table this to give the public an opportunity to discuss it.

31

32 Councillor Small said there are many great benefits to this but maybe we shouldn't take action on  
33 this item, today.

34

35 Gary Elbert, Member of the Public said I think this is being rushed through. I am in favor of  
36 affordable housing but not for this location.

37

38 Mike White, Member of the Public said I am the owner of White's Music Box and we have a lot of  
39 parking issues; this parking lot is currently being used as parking for businesses in this area.

40

41 Jerry Valentine, Judge said I own one of the oldest buildings in this area and parking is a great issue  
42 in this area.

43

1 Rorke Garcia, Southwest Counseling said we need a lot of parking in this area and I am strongly  
2 opposed to using this property.

3  
4 Greg Smith, President of Downtown Las Cruces Partnership said there is a great deal of support for  
5 this project but there is a huge amount of concern regarding the parking issues. We have drafted a  
6 parking solution resolution that states we support this project at this location with the provision that  
7 the developer provides a parking space for each of the housing units and the City provides 100 or  
8 more placement spaces to offset the loss of this parking lot.

9  
10 Edgar Lopez, Member of the Public said I encourage you to develop the Downtown area but don't  
11 build a building and then try to decide what to do about the parking. We would like the opportunity  
12 to look at this and give our input so I would like to ask that you put off making any decisions on this  
13 issue.

14  
15 Mike Beckett, Coas Bookstore said I am concerned that we weren't given any notification of this  
16 project being brought before Council. It is very important to have mix uses in this area but this is  
17 our best parking lot.

18  
19 Emily Coss, Member of the Public said I am a business owner in the Downtown area and I think the  
20 City Office Center site would be a perfect location for this project.

21  
22 Flo Dorety, Member of the Public said I have a small gallery in the Downtown Mall and we need  
23 more parking in this area.

24  
25 Jim Holland, Member of the Public said I agree that the City Office Center property would be a good  
26 location for affordable housing.

27  
28 Grady Oxford, Member of the Public said I have a company in the Downtown Mall and one of the  
29 representation that we make to people interested in this area is the parking requirements and we show  
30 them maps of all the City's parking areas. Now, all these parking areas are disappearing.

31  
32 Ruben Smith, Former Mayor said this isn't about affordable housing; it's about the process. Most  
33 people weren't aware of this project and we need to give them the opportunity to give their input.

34  
35 Mayor Miyagishima said I think we should hold off on this for awhile. We can bring this back at the  
36 January 19<sup>th</sup> meeting and we need to look at the City Office Center as a possible site for this project.

37  
38 Mark Allison said we will be able to meet with public but we can't change the site for this project  
39 with this short amount of time. We can see what the scoring would look like for next year and maybe  
40 do it at that time.

41  
42 Councillor Connor said this time frame isn't good and I'm not ready to vote on this item at this time.

43

1 Councillor Thomas said the problems are that there is no retail, no parking and there is a problem  
2 with process. We do have plenty of available space for retail so I don't think that's a problem right  
3 now but we do need to prepare for it in the future. I think we need to use our website as a  
4 communication device to get the word out on issues like this one.

5

6 Councillor Small said I think it would be unwise not to work with this development team for this  
7 type of project. I think this is a very positive project but it just isn't the right fit at this time and  
8 location.

9

10 Councillor Silva said parking is at the top of the list for concerns of the Downtown area.

11

12

13

14 Councillor Silva Moved to Table Resolution No.10-159 until January 19, 2010 and Councillor Small  
15 Seconded the motion.

16

17

18

19 Mayor Miyagishima called for the roll on the Motion to Table Resolution No. 10-159 until January  
20 19, 2010 and it was APPROVED. 5-2 Councillor Silva, Councillor Pedroza, Councillor Small,  
21 Councillor Sorg and Mayor Miyagishima voted Aye. Councillor Connor and Councillor Thomas  
22 voted Nay.

23

24

25

26 \*(2) Resolution No. 10-154: A Resolution to Adjust the Adopted Fiscal Year 2009/2010 Budget  
27 Allowing for Carry-Over Expenses and Reallocations of Operating and Capital Costs Due  
28 to Mid-Year Developments Regarding Revenues and Expenditures.

29

30 Councillor Connor Moved to Adopt Resolution No.10-154 and Councillor Small Seconded the  
31 motion.

32

33

34

35 Dick Gebhart, Budget Director gave an overhead presentation and said this is the mid-year budget  
36 adjustment for FY10 and the purpose of this adjustment is basically to align expenditures and  
37 revenues to reflect what actually happened in FY09, the revenues and expenditures for the first six  
38 months of FY10, expected expenditures for FY11 and to reflect economic developments that will  
39 impact revenues and collections for the last six months of this fiscal year.

40

41 Councillor Connor said the reason I pulled this off of consent was because I feel that when we have  
42 budget adjustments, they should be explained. Regarding fund 2140 which is prisoner care, I think  
43 it should be increased even more because of prior adjustments that we continue to make to this fund.

1 Regarding the vehicle acquisition fund, my problem is with the narrative being so specific to just  
2 police cars. I think that we should do the mid-year adjustments in January instead of December.

3

4 Terrence Moore said we can do that starting with next year's budget at our January 3, 2011 meeting.

5

6 Mayor Miyagishima said I think these vehicle funds do need to be for our Police Officers.

7

8 Councillor Thomas said it would be useful for you to have examples of the funds listed for us and  
9 it would have been very helpful to have this presentation in our packets. I would prefer to talk about  
10 this in January so we could have more time to digest all this information before voting on it. This  
11 information should also be available on our website so the public can view it as well. I would also  
12 prefer to have a work session on this item.

13

14 Mayor Miyagishima asked for this particular item? You don't want to pass it right now?

15

16 Councillor Thomas said no, I don't; I want time to digest all of this information.

17

18 Mayor Miyagishima said I would suggest that we move forward with this item.

19

20 Councillor Sorg said I agree with Councillor Thomas.

21

22 Mayor Miyagishima asked Dr. Sutter, would there be any issues with tabling this item?

23

24 Mark Sutter said there are some items that are time sensitive.

25

26 Councillor Thomas said I understand that there won't be time for a work session this time but in the  
27 future I do want to have a work session before it is brought before us. I still want to have time to  
28 look over all the material that was presented to us before I vote on this item.

29

30 Councillor Connor said I wasn't looking at postponing this item until January; I meant for future  
31 budget adjustments. I was able to call Dr. Sutter and ask him questions on this budget and he was  
32 able to answer my questions. We can pass this budget and make other adjustments if needed, at a  
33 later date.

34

35 Mark Sutter said we could postpone it until January 4<sup>th</sup> but I would be concerned if it went later than  
36 that date.

37

38

39

40 Councillor Thomas Moved to Table Resolution No.10-154 until January 4, 2010 and Councillor  
41 Pedroza Seconded the motion.

42

43

1  
2 Mayor Miyagishima called for the roll on the Motion to Table Resolution No. 10-154 until January  
3 4, 2010 and it was APPROVED. 6-1 Councillor Silva, Councillor Pedroza, Councillor Small,  
4 Councillor Sorg, Councillor Thomas and Mayor Miyagishima voted Aye. Councillor Connor voted  
5 Nay.

8

9 \*(11) Resolution No. 10-163: A Resolution to Approve the Amended and Revised Agreement  
10 Between the City of Las Cruces and the Alameda Southridge Owners Association (ASOA).

11  
12 Councillor Connor Moved to Adopt Resolution No.10-163 and Councillor Small Seconded the  
13 motion.

14  
15 -----  
16

17 Brian Denmark, Facilities Director gave a verbal presentation and said we have passed out a  
18 substitute resolution, including the exhibit, that reflects some corrections that need to be made to the  
19 agreement.

20  
21 Councillor Thomas said these are just minor typos that need to be corrected.

22  
23 -----  
24

25 Councillor Thomas Moved to Amend Resolution No.10-163 to accept the amended substituted  
26 resolution and Councillor Connor Seconded the motion.

27  
28 -----

37 Donald Bustamante, IT Director said I have heard third hand that the County has passed a resolution  
38 to join in on this endeavor. This resolution would enable the City to speak with these folks and  
39 explore the possibility of creating a relationship to pursue funding via the Federal stimulus monies.

40

41 John Griffith said there is about \$7.2 billion available for broadband specific projects and we are  
42 attempting to take advantage of this opportunity. One is for broadband infrastructure, the second is

1 for community computer centers and the third is for sustainable broadband adoption which means  
2 the training program facilitators.

3

4 Commissioner Krahlung said I am in support of this project and we would appreciate your support.

 24 Cheryl Rodriguez, Development Services Director gave an overhead presentation and said staff  
 25 recommends that we change this to a C3 Commercial High Density with a condition for lot 4 to limit  
 26 its use for a mini storage facility with a height limit of 15 feet.

27  
 28 Derrick Wong, PMC gave an overhead presentation and said we focused on the incremental revenues  
 29 and cost that this project would have on the City. The revenues generated would be GRT, property  
 30 taxes and impact fees from this subdivision and the cost would generally be the operation cost.

31  
 32 Councillor Sorg asked what would be the benefits of this annexation for the landowners?

33  
 34 Councillor Connor said I brought this forward so the City could have the GRT benefit of the  
 35 businesses that are currently on this property and the property owners would have the benefit of our  
 36 Fire and Police protection.

37  
 38 Dan Jett, Member of the Public said I have an issue with using the name Tortugas for this  
 39 subdivision.

40  
 41 Doug Boberg (?), Member of the Public said I am in favor of this annexation.

X. GENERAL DISCUSSION

1. Mayor

Mayor Miyagishima said I don't want to keep the cell phone ban fine at \$500 and 90 days in jail; I would like to have it at \$100 and no jail time so if we can have that ready to go before it goes into effect.

Robert Garza, Assistant City Manager said there will be an ordinance coming forward for the 1<sup>st</sup> read on January 4<sup>th</sup> and fines listed would be 1<sup>st</sup> offense: \$50, 2<sup>nd</sup> offense: \$100 and for the 3<sup>rd</sup> offense you would go to court.

Mayor Miyagishima said I would like to have the time changed for the January 19<sup>th</sup> meeting to have it begin at 9:00 a.m. because I have to catch a flight to Washington in the afternoon.

Terrence Moore, City Manager said we will have that listed as an item on the January 4<sup>th</sup> meeting so it can be voted on by Council.

2. City Council

Councillor Thomas said I would like to thank staff for working with Alameda Southridge.

I would also like to ask staff to include a report on the 5% department cuts in the budget discussion.

Terrence Moore said we will have that included with our strategic planning process.

Councillor Sorg said I just want to wish everyone happy holidays.

Councillor Small said one of my constituents wanted to speak about one of the ordinances that was listed in our Review of Proposed Ordinances portion of this meeting.

Harry (Pete) Connelly, Deputy City Attorney said any information or presentations given to you should be given at the time the item is brought before Council for approval.

Councillor Small said I want to thank Mike Johnson and Dan Soriano for taking care of some traffic related issues.

Councillor Pedroza said I continue to hear about problems with our streets and I think we need to bring it up for public discussion.

1 Councillor Connor said I want to thank Mike for fixing the pot holes that were left after the movie  
2 crew had paved that roadway.

3
