

Council Action and Executive Summary

Item # 11 Ordinance/Resolution# 2602 Council District: 5

For Meeting of February 7, 2011
 (Adoption Date)

TITLE: AN ORDINANCE APPROVING A ZONE CHANGE FROM UR (URBAN RANCH FROM THE 1981 ZONING CODE) TO R-1A (SINGLE-FAMILY MEDIUM DENSITY) FOR 0.42 ± ACRES OF LAND LOCATED AT 7116 CORTEZ DRIVE. THE PROPOSED ZONE CHANGE BRINGS THE SUBJECT PROPERTY INTO COMPLIANCE WITH THE 2001 ZONING CODE, AS AMENDED. SUBMITTED BY JEREMIAH LAY ON BEHALF OF THE COMMUNITY FOUNDATION OF SOUTHERN NEW MEXICO, PROPERTY OWNER. (Z2818).

PURPOSE(S) OF ACTION: Zone change request to bring the subject property located at 7116 Cortez Drive into compliance with the 2001 Zoning Code, as amended.

BACKGROUND / KEY ISSUES / CONTRIBUTING FACTORS: The applicant, the Community Foundation of Southern New Mexico, is requesting a zone change from UR (Urban Ranch) to R-1a (Single-Family Medium Density) for 0.42 ± acres of land located at 7116 Cortez Drive. The subject property is currently vacant. The UR (Urban Ranch) zoning district is a zoning district from the 1981 Zoning Code. With the adoption of the 2001 Zoning Code, as amended, the UR zoning district was eliminated. The applicant is requesting a zone change to R-1a (Single-Family Medium Density) for the purpose of bringing the subject property into compliance with the 2001 Zoning Code, as amended.

The subject property is located on the south side of Cortez Drive and has legal access to Cortez Drive. The Metropolitan Planning Organization (MPO) has classified Cortez Drive as a Collector roadway. There are no bus stops or trails present within the general area.

The request for the R-1a zoning designation is consistent with adjacent development north of the subject property. Properties located on the north side of Cortez Drive are zoned R-1a (Single-Family Medium Density) and R-2 (Multi-Dwelling Low Density) and have similar lot sizes as that of the subject property which is 0.42 ± acres. Development in that general area consists of both single-family residential and multi-family residential. In addition, the subject

property is located 315 ± linear feet west of the Cortez Drive and Dunn Road intersection. Northeast of that intersection is a master planned community known as "The Waterfalls" that proposes both high density and medium density single-family residential development.

Development located south of the subject property are zoned both REM (Residential Estates Mobile) and UR (Urban Ranch). The subject property does not qualify for the REM zoning designation as the property is less than the minimum lot size requirement of 0.50 ± acres for the REM zoning district.

The proposed zone change is supported by several Land Use Elements found in the 1999 Comprehensive Plan (see Exhibit "B"). The 1999 Comprehensive Plan encourages both urban residential developments in the East Mesa as well as an assortment of lot sizes for single-family residential development. High density residential development is encouraged along transportation corridors.

On December 28, 2010, the Planning and Zoning Commission (P&Z) recommended approval for the proposed zone change by a vote of 4-0-0 (three Commissioners absent). No public comment was received at the public hearing.

SUBJECT: 7116 Cortez Drive (Zone Change)

RECOMMENDATION: Approval – without conditions (Case Z2818)

Case Z2818: A request for a zone change from UR (Urban Ranch from the 1981 Zoning Code) to R-1a (Single-Family Medium Density) for 0.42 ± acres of land located 7116 Cortez Drive. The purpose of the zone change is to bring the subject property into compliance with the 2001 Zoning Code, as amended. Submitted by Jeremiah Lay on behalf of the Community Foundation of Southern New Mexico, property owner.

BACKGROUND

The applicant, the Community Foundation of Southern New Mexico, is requesting a zone change from UR (Urban Ranch from the 1981 Zoning Code) to R-1a (Single-Family Medium Density) for 0.42 +/- acres of land located at 7116 Cortez Drive. The subject property is currently vacant. The current zoning designation of the subject property of UR (Urban Ranch from the 1981 Zoning Code) has been eliminated from the current 2001 Zoning Code, as amended. The proposed zone change to R-1a (Single-Family Medium Density) will bring the subject properties into compliance with the 2001 Zoning Code, as amended.

The current size of the subject property of 0.42 +/- acres does not meet the minimum acreage requirements to allow a single-family rural residential zoning designation such as EE (Single-Family Equestrian Estate & Agriculture) or RE (Single-Family Residential Estate). The proposed R-1a (Single-Family Medium Density) zoning designation for the subject property is not out of place in the area; the area generally located north of the subject property is zoned R-1a and is identified as the Hacienda Acres neighborhood.

The subject property has legal access to Cortez Drive. The Metropolitan Planning Organization (MPO) has classified Cortez Drive as a Collector roadway. There are no bus stops or trails present within the general area.

FINDINGS

1. The subject property encompasses 0.42 +/- acres and located at 7116 Cortez Drive.
2. The subject property is currently vacant.
3. The zone change request for the subject property from UR (Urban Ranch from the 1981 Zoning Code) to R-1a (Single-Family Medium Density) will bring the subject property into compliance with the 2001 Zoning Code, as amended.
4. The subject property has legal access to Cortez Drive, a Collector roadway as classified by the Metropolitan Planning Organization (MPO).
5. Adjacent land use and zoning include:

	<u>Zoning</u>	<u>Land Use</u>
North	R-1a	Single-Family Residential
South	UR	Single-Family Residential
East	UR	Single-Family Residential
West	UR	Single-Family Residential

6. The request is consistent with the following sections of the City of Las Cruces Comprehensive Plan:

Land Use Element Goal 1, Objective 3 (Residential Uses)

Policy

- 1.3.1. An urban residential use shall be so designated where these uses occur at a density of greater than two dwelling units per acre. A rural residential use shall be so designated where these uses occur at a density of less than or equal to two dwelling units per acre.
- 1.3.3. An assortment of lot sizes should be provided for single-family residential developments to promote a variety of lifestyles within the community. With small-urbanized lots (such as 3,500 square feet parcels) to large tracts of land (five acres in size), the City shall address all segments of the population.
- 1.3.4. High density uses shall be encouraged to concentrate in and around transportation and communication corridors, thereby supporting a mixed distribution of uses. Lower and rural density residential uses shall be located away from such corridors.
- 1.3.5. All residential development shall address the following urban design criteria: compatibility to the adjacent neighborhood in terms of architectural design, height/density, and the provision of landscaping. Architectural and landscaping design standards for residential uses shall be established in the Comprehensive Plan Urban Design Element.

1. 3.10. High density residential uses shall be located and designed to minimize traffic flow through adjacent neighborhoods and should locate on or near existing or future planned transit routes.
- 1.3.14. The City shall encourage urban residential development on the East Mesa.
- 1.3.16. The City shall encourage rural residential uses in the north and south fringe areas of the City.

RECOMMENDATION

The proposed zone change is supported by several Land Use Elements found in the 1999 Comprehensive Plan as presented in the preceding findings. The proposed zone change encourages residential development in the East Mesa. The proposed zoning designation can be seen on adjacent properties north of the subject property. The proposed zone change will also help bring the subject property into compliance with the 2001 Zoning Code, as amended.

Staff has reviewed this zone change and recommends approval without conditions.

The recommendation of the Planning and Zoning Commission will be forwarded to City Council for final consideration.

OPTIONS

1. Approve the request as recommended by staff for case Z2818.

31
 32
 33 Scholz: Next up is case Z2818...

34
 35 Ochoa: Is that up on your screen?

36
 37 Scholz: Yeah, we have the vicinity map up on our screen right now.

38
 39 Ochoa: The second case for tonight is case Z2818. It's a request for a zone
 40 change from UR, which is Urban Ranch from the 1981 Zoning Code, to R-
 41 1a, which is Single-Family Medium Density.

42 You can see there in the vicinity map the subject property is located
 43 off of Cortez Drive; this is looking out on the East Mesa. The subject
 44 property is currently vacant and, like I said, the subject property is located
 45 at 7116 Cortez Drive. It encompasses approximately .42 acres in size and
 46 the property is currently vacant. The current zoning designation of the

1 subject property of UR or Urban Ranch has been eliminated from the 2001
2 Zoning Code as amended.

3 Essentially, this zone change will bring the subject property into
4 compliance with the 2001 Zoning Code as amended. The size of the
5 subject property does not allow a Single-Family or Rural Residential
6 zoning designation for the property as, for example, Residential Estates or
7 Equestrian Estates, since it does not meet the minimum acreage size for
8 those zoning designations, which is why staff is recommending R-1a for
9 the subject property. The proposed R-1a zoning designation is not out of
10 place for this area. If you look on the vicinity map of the area to the north
11 of the subject property a lot of those lots are zoned R-1a for Single-Family
12 Medium Density. This is the area identified as the Hacienda Acres
13 Neighborhood. So the R-1a zoning designation is relevant around this
14 area.

15 The subject property has legal access to Cortez Drive, which is
16 designated by the Metropolitan Planning Organization, or MPO, as a
17 Collector roadway. No busses or trails are present within the general
18 vicinity of the subject property. The next slide; you see the aerial there;
19 the subject property is kind of striped, if you will. Sorry for the striping but
20 it is vacant so there's nothing on there to see but you can see from around
21 there it's essentially single-family homes.

22 Staff recommendation: staff has reviewed this zone change and
23 recommends approval without conditions based on the preceding finding.
24 The recommendation of the Planning and Zoning Commission will be
25 forwarded to City Council for final consideration.

26 Your options tonight, gentlemen, will be: 1) to vote "yes" to approve
27 the request as recommended by staff for case Z2818; 2) to vote "yes" to
28 approve the request with additional conditions; 3) to vote "no" to deny the
29 request; or 4) to table or postpone and direct staff accordingly. That is the
30 conclusion of my presentation. The applicant is here if you have any
31 questions for him as well.

32
33 Scholz: Okay, any questions for ... Yes, Commissioner Shipley.

34
35 Shipley: Yes, Mr. Ochoa, the one thing I would say is: this property's not vacant.
36 It's undeveloped. It's just a piece of land right now. It has no structure on
37 it whatsoever; so, as opposed to "vacant" wouldn't we want to call this "not
38 developed?"

39
40 Ochoa: Undeveloped. That would work as well. Yes, sir, undeveloped would just
41 as well, sir. "Undeveloped" is a more correct way, probably. That is
42 correct.

43
44 Shipley: Thank you.

45
46 Scholz: Okay, any other questions? All right, may we hear from the applicant,

4 Community Foundations of Southern New Mexico.
5
- 6 Scholz: Okay, is there anything you want to add to Mr. Ochoa's presentation?
7
- 8 Lay: I agree it's a good zone change. It would make it in compliance with the
9 2001 Zoning Code; also it matches the current property development
10 around it.
11
- 12 Scholz: Okay, any questions for this gentleman? No questions. Thank you very
13 much, sir.
14
- 15 Lay: Thank you.
16
- 17 Scholz: All right, is there anyone from the public who wishes to speak to this case?
18 All right, we'll close it for public discussion. Gentlemen, what's your
19 pleasure?
20

8 **VII. NEW BUSINESS**

10 Scholz: All right, the first two items on New Business were on the Consent
11 Agenda. **(SEE CONSENT AGENDA ABOVE)**
12

- 13 1. **Case SUP-10-02:** A request for a Special Use Permit to allow day care services
14 for up to twelve (12) children within a single-family home. The subject property is
15 located at 600 S. Melendrez, is currently zoned R-1a (Single Family Medium
16 Density) and encompasses 0.21 +/- acres. This is a proposed Group Child Care
17 Home (7-12 children) requiring a Special Use Permit within an R-1a zoning
18 district. Submitted by Jennifer Tamplin, on behalf of Wendall L. Eugenio,
19 property owner.
20

21 Scholz: Now, our next case of New Business is SUP-10-02, a request for a
22 Special Use Permit. Mr. Ochoa, are you up again? You're doing all the
23 heavy lifting today.
24

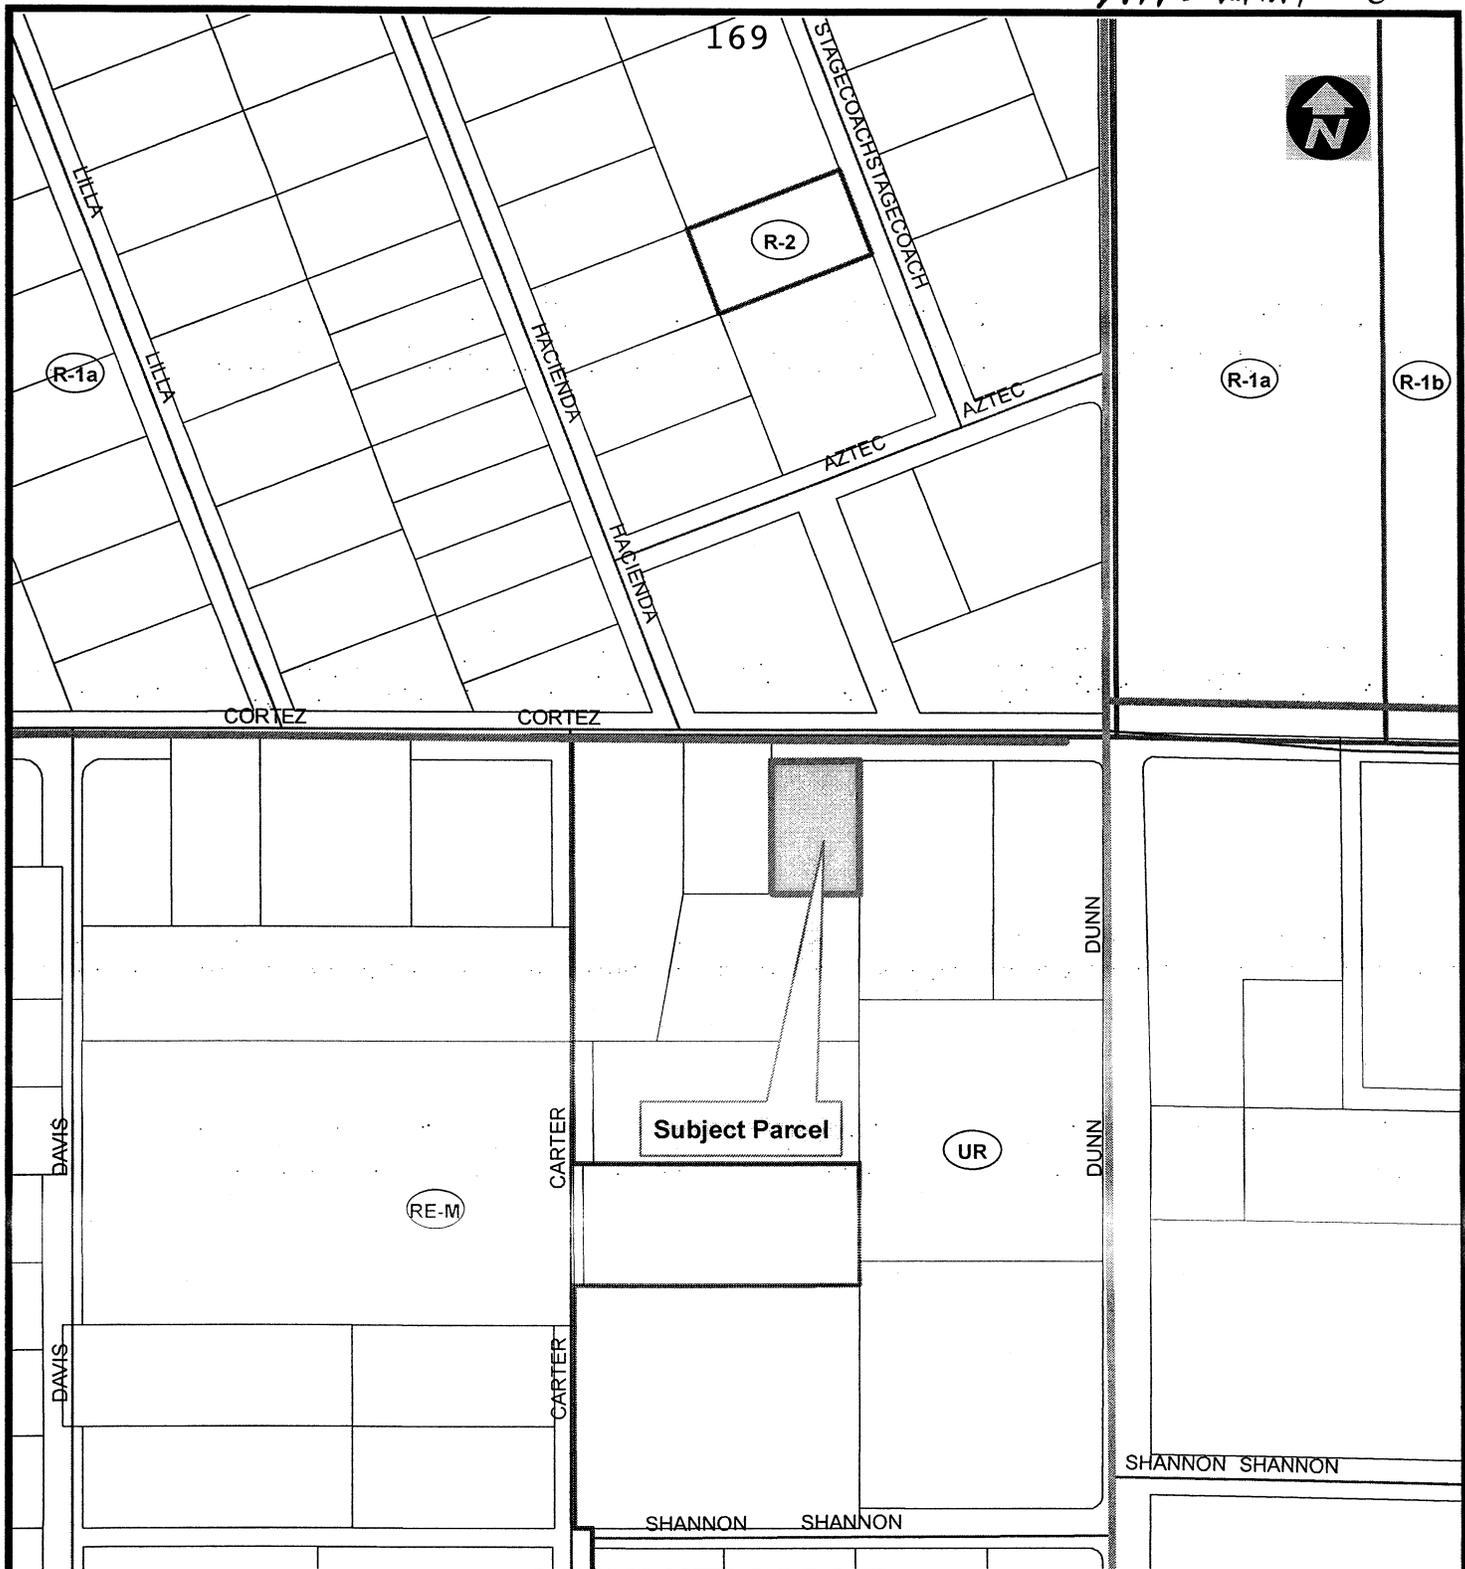

25 Ochoa: Yes, sir.
26

27 Scholz: Go ahead.
28

29 Ochoa: The next case, like you said, sir, is SUP-10-02. It's a request for a special
30 use permit to allow a group child care home or day care for up to 12
31 children at 600 S. Melendrez.

32 The next slide: you can see the vicinity map of the subject property
33 located on the southwest corner of El Molino and Melendrez. It's
34 essentially the last R-1a zoned property in that area. Going toward the
35 west is Industrial so there's kind of a border line between Single-Family
36 Medium Density and the Industrial located to the west. The subject
37 property is located at 600 S. Melendrez. It encompasses approximately
38 .21 acres and is zoned R-1a, which is Single-Family Medium Density. The
39 2001 Zoning Code as amended requires an applicant providing in-home
40 child care exceeding 6 children but less than 13 children to obtain a
41 special use permit prior to the group child care home being in operation.

42 Staff evaluates possible impacts relative to Special Use Permits
43 associated with group child care homes located within residential zoning
44 districts. Some of these issues that we looked for this property are:
45 proximity and potential impact on surrounding properties, the site design,
46 potential traffic impacts, hours of operation, neighborhood comments, etc.
