

Development Processes

City of Las Cruces

Community Development Interoffice Memorandum

To: City Council

From: David Weir, Community Development Director

Subject: Development Processes

Date: February 25, 2011

M-11-037

The City Council will be discussing *development processes* at the February 28th work session. The purpose of this memo is to provide an over view of the staff presentation.

The presentation will cover the three basic components of the development process from a City regulatory standpoint. These components include zoning, subdivision and building permit processes. The structure for discussing each process will be similar and include the intent, the approval steps and the areas of review.

The power point will be available for City Council viewing by the end of the day Friday. If you have any questions, please contact me at your convenience (ext. 3067 or dweir@las-cruces.org).
