

Life Center Status

TO: Robert Garza, City Manager

FROM: Mark Johnston, Parks & Recreation Director 

SUBJECT: June 11, 2012 City Council Work Session – Life Center Status

DATE: June 8, 2012

At the Regular City Council Work Session scheduled for Monday, June 11, 2012, staff will provide Council an update of a proposal to purchase the Life Center, submitted by Angel Care of New Mexico, Inc. The proposal includes the provision allowing City programs to continue utilizing the facility for recreation programs and classes.

The current condition of the building and lack of identified funding for the needed repairs makes this an opportune time to move forward with this private/public partnership.

cc: Brian Denmark, Assistant City Manager/COO
