20 Councillor Connor Moved to Adopt Resolution No. 09-289 and Councillor Jones Seconded the
21 motion.

22

23

24

25 Cheryl Rodriguez, Development Services Administrator gave a presentation and said staff is working
26 on a re-addressing project in the East Mesa because there are duplicate addresses.

27

28 Councillor Archuleta asked has the affected residents been notified?

29

30 Cheryl Rodriguez said yes.

31

32 Councillor Jones said this is a safety issue because the Fire Department is getting confused with the
33 duplicate addresses.

34

35

36

37 Mayor Miyagishima called for the roll on the Motion to Adopt Resolution No. 09-289 and it was
38 Unanimously APPROVED. 7-0

39

7

8

9

10 Mark Sutter, Finance Director gave a presentation and said we are in contract negotiations with
11 Western Union to provide residents with nine different locations that they could go to pay their bill.
12 Customers can also pay their bill by phone, online and we offer auto pay options.

13

14 Councillor Archuleta asked when is the drive up window going to close?

15

16 Mark Sutter said either by July 1st or August 1st.

17

18 Mayor Miyagishima asked will there be a fee for residents who pay their bill through Western
19 Union?

20

21 Mark Sutter said I think it would be like a dollar charge.

22

23

24

25 Mayor Miyagishima called for the roll on the Motion to Adopt Resolution No. 09-292 and it was
26 APPROVED. 6-0-1 Councillor Connor Abstained.

28

29

30 (15)208-218 Resolution No. 09-293: A Resolution Authorizing the Addition of the Madrid
31 Avenue Extension Project from Anita Drive to Triviz Drive to the Infrastructure Roadway and Flood
32 Control Capital Improvement Plan (CIP) for Fiscal Year 2009-2010 and 2010-2011.

33

34 Councillor Connor Moved to Adopt Resolution No. 09-293 and Councillor Archuleta Seconded the
35 motion.

36

37

38

39 Dan Soriano, Traffic Engineering Administrator gave a presentation and said approval of this item
40 would include this project with our upcoming CIP list. We have had several public meetings
41 regarding this issue and in May, we had a work session to discuss it with Council. This would take
42 care of a lot of the cut through traffic that is occurring in that area. The approximate total price for
43 this project is about \$1.2 million.

1

2 Councillor Thomas asked does this have to go before the PNZ?

3

4 Dan Soriano said no.

5

6 Councillor Thomas said I am already getting emails and phone calls on this and I would like to have
7 a town hall meeting to get all the issues out. Some of the people who live along Fairbanks have told
8 me that the land we are planning on using to realign Fairbanks was donated to the City but that it had
9 to remain empty.

10

11 Mike Johnson said we are investigating that issue.

12

13 Councillor Archuleta said I remember that we had a meeting back in 2001 where we agreed to leave
14 this area as open space.

15

16 Mike Johnson said that is correct and we don't intend to develop the whole area.

17

18 Councillor Archuleta said this will affect three districts and when we have our public meetings then
19 we can discuss things like bike paths and parkways.

20

21 Mike Johnson said we will have a kick off meeting to hear any conceptual ideas on what we would
22 want to include in the project.

23

24 Councillor Jones asked does this need to go through a new study with the MPO?

25

26 Mike Johnson said no, as long as we are not planning on using any federal funding as part of the
27 construction of this project.

28

29 Councillor Connor asked is the realignment going to be away from the residential backyards in that
30 area?

31

32 Mike Johnson said that is the plan that we would like to see go forward.

33

34 Councillor Silva asked where is the funding going to come from for this project?

35

36 Mike Johnson said we are looking at doing the design in-house and we will probably use funding
37 from the flood control fund or some other existing account.

38

39 Councillor Thomas said I do want to mention that there are two houses that use the back of their
40 properties as an entrance.

41

42 Councillor Connor asked is Fairbanks going to remain open?

43

Regular Meeting

1 Dan Soriano said at this point in the process, I think it will remain open but we will bring it back to
2 Council for a final decision.

5

6 Mayor Miyagishima called for the roll on the Motion to Adopt Resolution No. 09-293 and it was
7 Unanimously APPROVED. 7-0

10

11 (16)219-226 Council Bill No. 09-062; Ordinance No. 2525: An Ordinance to Amend (1) Las
12 Cruces Municipal Code, Section 2-736, Personnel Appeals Board, to Delete the Section in its
13 Entirety; and, (2) Las Cruces Municipal Code, Sections 22-154 Through 22-157, Personnel Appeals,
14 to Create the Position of Personnel Appeals Hearing Officer With Associated Duties and Procedures.

15

16 Councillor Archuleta Moved to Adopt Council Bill No. 09-062; Ordinance No. 2525 and Councillor
17 Connor Seconded the motion.

18

19

20

21 Councillor Archuleta Moved to Suspend the Rules and discuss Items 16 and 17 concurrently and
22 Councillor Connor Seconded the motion.

23

24

25

26 Mayor Miyagishima called for the roll on the Motion to Suspend the Rules and discuss Items 16 and
27 17 concurrently and it was APPROVED. 6-0-1 Councillor Thomas Abstained.

28

29

30

31 Fermin Rubio, City Attorney gave a presentation and said we are discussing both items because the
32 resolution implements the intent of the ordinance regarding the personnel manual. This would set
33 out an appeal process and the employee will have the opportunity to have an attorney during the
34 hearing which currently isn't available to them. If the employee chooses not to have an attorney then
35 the City won't have an attorney either. This change would also require a record review by the City
36 Manager or the presiding Municipal Court Judge and it would require an explanation on why the
37 City Manager or Judge would not accept the decision of the Hearing Officer. The employee or the
38 City would have 30 days to appeal that decision to the district court.

39

40 Councillor Connor said I don't have a problem with this new process but I do have an issue with the
41 existing PAB members who weren't notified that these changes were going to take place and that
42 they wouldn't be needed anymore.

43

1 Fermin Rubio said your comments are well taken.

2

3 Councillor Silva I have a problem with the City Manager being able to overturn the decision made
4 by the hearing officer.

5

6 Fermin Rubio said that is the current process and the check on that is the appeals process to the
7 District Court if the decision is overturned.

8

9 Councillor Archuleta asked is the hearing officer going to be an employee of the City?

10

11 Fermin Rubio said no, there will be an RFP for an attorney with an employment law background.

12

13 Councillor Archuleta asked is there going to be more than one hearing officer hired?

14

15 Fermin Rubio said we might want to have two hearing officers so if one has a scheduling conflict
16 then we could use the other one.

17

18 Mayor Miyagishima said I think that the hearing officer process will help the employee better than
19 the current process.

20

21 Russ Warner, Member of the Public said I agree with this change and it will provide more protection
22 to the employee.

23

24

25

26 Mayor Miyagishima called for the roll on the Motion to Adopt Council Bill No. 09-062; Ordinance
27 No. 2525 and it was APPROVED. 6-0 Councillor Thomas was Absent.

28

29

30

31 (17)227-244 Resolution No. 09-294: A Resolution Approving Amendments to Section 1102 of
32 the City of Las Cruces Personnel Manual, *Employee Grievance*, to Provide for Appeals to a Hearing
33 Officer With Associated Duties and Procedures, and to Make Stylistic Changes.

34

35 Councillor Archuleta Moved to Adopt Resolution No. 09-294 and Councillor Connor Seconded the
36 motion.

37

38

39

40 Mayor Miyagishima called for the roll on the Motion to Adopt Resolution No. 09-294 and it was

 13 of Twenty Seven Thousand Dollars (\$27,000.00) in Accordance With Provisions of Section 3-54-1,

8 **X. GENERAL DISCUSSION**
9

10 1. Mayor
11

12 Mayor Miyagishima said I want to congratulate Arnold and Darlene Langston on their 62nd
13 wedding anniversary.
14

15 The Texas legislator isn't allowing red light cameras anymore, can you comment on that issue?
16

17 Mike Johnson, Public Works Director said I haven't received a whole log of information on that
18 issue so I would need to look into it further before I make any comments.
19

20 Fermin Rubio said I don't know if that has become law in Texas yet.
21

22 Mayor Miyagishima said in two weeks from now I will be bringing back a resolution regarding
23 the Department of Peace as well as the exclusion of the statement "taking your vehicle away"
24 from the red light camera citations.
25

26 Fermin Rubio said the ability to seize a vehicle is in the ordinance so we would need to change
27 the ordinance as well. Chris Miller from the Police Department is working on tweaking some of
28 the verbiage so it won't sound so harsh.
29

30 Mayor Miyagishima said I just want to convey to the public that the purpose of these red light
31 cameras isn't to make money but to make our roads safe.
32

33 Fermin Rubio said we will be adding some rumble strips in addition to the signs to give people
34 additional warning that they are approaching an intersection with a red light camera.
35

36
37 2. City Council
38

39 Councillor Archuleta said I want to give my compliments on the Thunder on the Rio Grande
40 event, it was outstanding and everyone enjoyed it.
41

42 I attended the Music in the Park event on May 24th at Apodaca Park and people really enjoyed
43 that event.

1 I would like to let the community know that Cecilia Oliver passed away and she was a long time
2 resident of Las Cruces.

3

4 Councillor Thomas said I want to thank everyone who attended the District 6 meeting last week.

5

6 I want to apologize for not attending the opening ceremony last week for the new park in District
7 6 but I would like to express my appreciation to Brian Denmark and Mark Johnston for all the
8 work they did on it.

9

10 Councillor Jones said I want to express my thanks to staff for conducting such a grand opening at
11 the East Mesa Bataan Memorial Pool. I want to express my appreciation to Mr. Martinez for his
12 dedication to our Veterans at that pool.

13

14 There was an article in the Sun News regarding a surface water treatment plant and it talked
15 about a meeting with the Elephant Butte Irrigation District regarding the location of this
16 treatment plant. From what I understood, the article stated that the location had already been
17 decided on by the Utilities Board but I don't think that is the case.

18

19 There is an effort by NMDOT Park and Ride Express Inner-City Bus Service Expansion between
20 Las Cruces and El Paso. It is a funding stream of about \$904,000 annually to fund a transit bus
21 system between here and El Paso. Several entities have been asked to write letters of support
22 regarding this issue and I will be signing one myself.

23

24 I want to thank the public that attended the public meeting last week at Ocate High School.

25

26 Councillor Small said I appreciate the help from the Community Development regarding some
27 issues that we were having in District 4.

28

29 The initial funding from the stimulus package has moved forward and there seems to be a
30 potential for a second round of funding to become available. There is an idea out there that we
31 should look at a sustainable energy initiative that includes Dona Ana, Luna and Sierra counties.
32 The idea I have is for staff to bring back to us an action item for us to be a part of this sustainable
33 energy initiative and the goal would be to foster economic development, create well-paying
34 permanent jobs, stabilize and reduce long term energy cost and protect our environment through
35 wise development in southern New Mexico.

36

37 Councillor Thomas said we have five groups working on this initiative; one group is working on
38 public building efficiency, one is working on private building efficiency, one group is working
39 on the green grid, one group is working on transportation and the other group is working on the
40 utilities scale renewables. I am part of the transportation group and we are interested in finding a
41 way to connect our City to the Rio Grande trail.

42

43 Councillor Small said I would like to ask for a consensus to move forward with this item.

1

2 Mayor Miyagishima and Council gave consensus.

3

4 Terrence Moore said we will bring forward a resolution regarding this issue in time for the June
5 15th meeting.

6

7 Councillor Connor said the lighting is done for University Estates; however, I drove through
8 there last night and it doesn't appear that they are on. Can you tell me when they will be turned
9 on?

10

11 Mike Johnson said I believe there is a final inspection scheduled for June 10th and then shortly
12 thereafter they will be energized.

13

14 Councillor Connor said Mr. Moore and myself recently met with the Sister City board which
15 hadn't met in about eighteen months and there is currently work being done to reinstate this
16 board. There is a web page that you can look at if you are interested in serving on this board.

17

18 Regarding the stimulus funding, we have a need for a new Mesilla Valley Regional Dispatch
19 Authority building which is our 911 center. Last week, there was a water leak at this center and it
20 shut down the system for a while. We do have a backup system so it was taken care of but our
21 public safety needs to be a top priority. The 911 center doesn't meet the Home Land Security
22 rules because it is located in the middle of town and this facility is very difficult to utilize.
23 Currently, that building is owned by Dona Ana County and a new facility would cost
24 approximately \$6 million.

25

26 Mayor Miyagishima said I know a few years ago there were issues with false alarms. I agree that
27 we do need a better facility. There are two ways we could use to handle this; one is that the City
28 and County can come up with the additional funding which could be very difficult, or two is that
29 we change the joint powers agreement to agree that they can go out and get their own funding.

30

31 Councillor Connor said we have gone as far as the State level and there was a suggestion to have
32 a user fee in place.

33

34 Chief Romero said we have been looking into the false alarm calls and there is a vendor who has
35 software that would take care of that problem but we are continuing to look into that issue.

36

37 Councillor Archuleta said I just want to mention that the Sister City board is still alive and well
38 even though we haven't met in over a year. We lost two members which were husband and wife,
39 to cancer within a year of each other which set us back a little bit.

40

41 Councillor Silva said we received an email regarding a sizeable delinquent account that is still in
42 service and I wanted to know what our policy is regarding service to delinquent accounts?

43

1 Jorge Garcia, Utilities Department said our policy states that after 90 days, we have the right to
 2 shut off the services to a property. In that case, we have construction water which isn't a
 3 permanent account and we met with the property owner to get a payment agreement but we never
 4 received it. In March, the attorney's office filed the first lien and then they filed a second lien
 5 and when we have exhausted all the reasonable remedies, the Municipal Code gives us the
 6 authority to shut down the business.

7

8 Councillor Silva said there was an article in Saturday's newspaper regarding the Downtown Mall
 9 and the Humane Society not being allowed to have pet adoptions. I liked the Mayor's response
 10 which was that the City has to follow the rules as well. I serve on the Animal Services board and
 11 I hope that we can change that ordinance because being at the mall would give us the opportunity
 12 to educate the public on how to care for their animals.

13

14 I want to congratulate Kay and her staff for opening the Las Cruces Academy on Saturday.

15

16 I want to congratulate everyone who is involved with the Music in the Park program which was
 17 kicked off last week with Jazz in the Park.

18

19 Mayor Miyagishima said regarding the animals in the Downtown Mall issue, is there a
 20 consensus for management to take a look at that ordinance to see if maybe we could do
 21 something like a special use permit?

22

23 Councillor Connor said Olivia Hennessy and Christine Logan have been working on that for the
 24 past few weeks.

25

26 Terrence Moore said they are working on clarifying the legal responsibilities that we have and
 27 don't have regarding that issue. If a consensus is given then we could bring something back by
 28 the July 6th meeting.

29

30 Councillor Jones said it would be nice to hear from the Animal Services board regarding that
 31 issue.

32

33 Mayor Miyagishima and Council gave consensus.

34

35

 39 selection.

2 the neighbors was that they liked the composite rendering.

3

4 Tony Pennock, Artist gave a presentation and said we want to preserve the water tank and not
5 hide it but enhance it.

7 Councillor Archuleta said the Utilities Board has already approved this but we thought it would
