In concurrence with the Article 8. assignments, and a fitness-for-duty examination supports this conclusion, options may include:

1. Transferring the employee to a vacant position for which the employee is qualified and that accommodates his/her medical condition limitations;
2. Accommodating the employee in his/her current position by modifying work assignments and/or the work environment;
3. Accommodating the employee by re-assigning him/her to light duty status and providing an opportunity for rehabilitation;
4. Or, if an accommodation is not feasible in enabling the employee to perform the essential functions of the job held or vacant positions for which the employee is qualified are not available, and if an accommodation does not reduce any direct threat issues to an acceptable level, the employee may be medically retired or terminated. When an employee is assigned to a vacant position their pay will be adjusted commensurate with the pay rate for that position.

PROCEDURE:

If the Las Cruces Fire Department has an employee with a medical condition which appears to impair his/her capabilities to safely and effectively perform the essential functions of the job, or who poses a direct threat due to a medical condition, the Human Resources Director shall be contacted pertaining to a possible fitness for duty examination. The Department must be prepared to discuss the following:

1. What objective evidence supports the need for a fitness for duty examination?
2. What is the reasonable belief that the employee's ability to perform essential job duties is impaired?
3. What is the basis for any belief of direct threat?
4. What knowledge exists that performance issues are linked to a medical condition?

If the answers to these questions indicate to the Human Resources Department Director the need for further evaluation, then the CITY shall proceed with the following:

1. A psychiatric examination or psychological assessment must be conducted in accordance with accepted professional standards by a licensed practitioner or physician authorized to conduct such examinations, and may only be used to make a legitimate inquiry into a person's mental fitness to successfully perform the essential functions of his/her position without direct threat to the individual in question or to others.
2. The scope of any fitness for duty examination shall be limited to the specific medical condition and how such condition affects or may affect the employee's ability to perform essential functions or pose a direct threat.

3. All medical information obtained through the fitness for duty provisions shall be maintained by the Human Resources Department as strictly confidential and shall not be a part of the employee's personnel file.
4. When the Las Cruces Fire Department requests a medical examination, it must inform the employee in writing of its reasons for doing so and the consequences of failure to cooperate. The CITY will designate the examining physician or other appropriate practitioner, but will offer the individual an opportunity to submit medical documentation from his/her personal physician or practitioner. The CITY will review and consider all such documentation supplied by the individuals' personal physician or practitioner along with the documentation from the examining physician selected by the CITY. Should the employee wish to submit medical documentation from his/her personal physician or practitioner, the employee shall pay for all examinations and documentation charges.
5. Any employee who refuses to undergo a required fitness for duty examination shall be found insubordinate and subject to discipline up to and including termination.

RETURN TO DUTY

Any bargaining unit employee who suffers an illness or injury and is unable to report to duty shall immediately notify his/her supervisor (Battalion Chief) of that fact. If the illness or injury shall exceed two weeks duration then the following Return to Duty procedures may be applicable. This shall be determined on a case-by-case basis. This Article shall also apply to employees who fail to successfully complete their annual Physical Performance Evaluation (Agility Test).

Prior to returning to duty from any extended illness or injury (greater than five consecutive shifts for 56 hour personnel or two weeks for 40 hour personnel) a doctor's "return to work" statement shall be obtained from the attending physician. A doctor's "return to work" statement shall also be required for any on-the-job injury where a physician evaluated the employee. The doctor's "return to work" statement shall be presented to the employee's Battalion Chief prior to reporting to his/her assigned workstation.

In the case of illness or injury where the employee was absent from work for a period of more than 30 calendar days, the employee shall be required to complete the Physical Performance Evaluation (Agility Test) prior to return to full duty. When the employee's Battalion Chief receives the doctor's "return to work" statement, the employee will be scheduled for the Physical Performance Evaluation. In the event the employee is unable to successfully complete the Physical Performance Evaluation he/she shall not be considered fit for duty and shall not be allowed to return to full duty. The employee shall begin the steps as outlined in this section to become qualified fit for duty.

This provision shall apply to employees who fail to successfully complete the annual Physical Performance Evaluation (Agility Test).

4. COMPLETE AGREEMENT

The CITY and the UNION (the parties) agree that this is the complete and only agreement between the parties. Each party has negotiated on all issues identified for negotiations and such negotiations have led to this Agreement. No additional negotiations will be conducted on any item, whether contained herein or not, except by mutual agreement of the parties. This Agreement replaces any and all previous agreements between the parties.

The parties acknowledge that during the negotiations that resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to all proper subjects of collective bargaining. All such subjects have been discussed and negotiated upon and the agreements contained in this Agreement were arrived at after the free exercise of such rights and opportunities. Therefore, the CITY and UNION, for the life of the Agreement, each voluntarily and unqualifiedly waives the right and each agrees that the other shall not be obligated to bargain collectively with respect to any subject matter not specifically referred to or covered in this Agreement even though such subject or matter may not have been within the knowledge or contemplation of either or both parties at the time they negotiated or signed this Agreement.

Nothing herein shall prohibit the parties from reopening negotiations on any issue by mutual agreement.

5. DURATION

This Agreement shall take effect the first full pay period following the approval and signature of this agreement and shall remain in full force and effect and shall not expire until a successor Agreement is signed on or after the _____ or unless amended by written mutual agreement by both parties. Should City Council choose to eliminate collective bargaining in conformance to state law, this Agreement will expire on its termination date, on or about June 30th, 2016.

~~During the term of this agreement the parties may reopen negotiations during April of each year. The scope of the reopened negotiations shall be limited to Articles 16, 18 and 34.~~

Such conversion shall ensure the same monetary value associated with all accrued leave prior to the change in schedule. The increase or decrease of leave balances when multiplied by the new hourly pay rate shall be equal to the previous hourly pay rate multiplied by leave balances prior to the change in work schedule. Employees accepting call back assignments shall respond to the designated location in a timely manner. If the response is anticipated to be greater than thirty (30) minutes, the employee shall immediately notify the appropriate member of management. Management may deny the call back opportunity due to the extended response.

If the employee is called back, released from work, and is again called back prior to the expiration of the two (2) hour time period, the employee shall be considered to still be "on the clock" and shall only be compensated at one and one-half (1-1/2) times their regular rate of pay for the additional time worked beyond the initial two (2) hour time period, and shall not be entitled to an additional two (2) hour minimum at one and one-half times their regular rate of pay. Additionally, subsequent callbacks within the same twenty-four hour time period shall not entitle the employee to the two (2) hour minimum, but rather actual time worked from the time of the callback to the time released.
