Council Action and Executive Summary

Item # 17 Ordinance/Resolution# 2532 Council District:

For Meeting of August 17, 2009

(Adoption Date)

TITLE: AN ORDINANCE AMENDING THE LAS CRUCES MUNICIPAL CODE SECTIONS 24-62, 24-91, 24-92, AND 24-94 TO INCREASE CONTRACT AWARD PARTICIPATION BY LOCAL BUSINESS OR MANUFACTURING ENTITIES FOR NEEDED GOODS, SERVICES AND CONSTRUCTION.

PURPOSE(S) OF ACTION: To amend the Procurement Code to provide local businesses and manufacturers an increased opportunity to participate in City contract awards less than \$50,000.00.

BACKGROUND / KEY ISSUES / CONTRIBUTING FACTORS:

The City typically solicits bids and proposals for awarding contracts for needed goods/services/construction. Contract awards are based upon the lowest bid or highest ranking proposal received. Local businesses and manufacturers compete for the City contracts and are provided a 5% preference against non-local firms to increase their participation in receiving awards.

For the purpose of developing and maintaining a vibrant local economy, the City Council seeks to further increase local contract award participation by ensuring that local entities obtain City contracts on contracts totaling up to \$50,000.00. Changes to the Procurement Code are necessary to achieve this goal and staff has developed a proposed amendment that will accomplish the Council's purpose, yet, still be consistent with the purpose of the Procurement Code (i.e., to maximize the value to City funds and maintain a procurement process with quality and integrity).

Generally accepted procurement practices include maximum and open competitive bid/proposal participation. To maintain this principle while targeting maximum local participation in contract awards, the amendment provides for administrative oversight and

authority to preclude awards to local entities whose bids/proposals are deemed impractical to award in terms of serving the City's best interests.

Staff conducted internet search of other cities regarding the local preference programs/approaches. The typical approach was a provision to apply a percent preference to bids/proposals much like the preference the City's Procurement Code already has. Optional approaches that surfaced mainly provided programmatic training workshops, and outreach efforts to locals such as to create interests and solicitation participation. Approaches similar to the proposed amendment were not found from which to evaluate community impact. The approach within the proposed amendment will require monitoring to determine whether it has the impact on the local economy sought by Council.

Saves money for the taxpayer	Local business enterprises with limited resources are able to secure more governmental contracts.
Contractor performance is maximized.	Non-local business entities tend to locate inside communities whose competitive business climate poses less risk.
Curbs fraud.	Local businesses growth rate is accelerated.
Promotes accountability for results	Local businesses experience less risk during economic downturn

EXISTING REGENERATIVE PROGRAMS/REGULATION:

- B. "Buy America" provisions on federally funded projects.
- C. Disadvantaged Business Enterprises (DBE) program

CITY OF LAS CRUCES REGENERATIVE PROCUREMENT

EXPAND CONTRACT AWARDS TO LOCAL BUSINESSES:

The public body designates purchases and contracts to be exclusively awarded to a segmented group of local business concerns for the purpose of supporting a faster growth curve and/or for distributing a fair share of business in a market dominated by larger, entrenched competitors.

ISSUES:

Positive Impact	Negative Impact
Awards contracts to business concerns that can identify customer issues quickly and respond faster.	Promotes market inefficiencies by subsidizing business concerns that may not have the business acumen to compete.
Growth is faster and better sustained for qualified business concerns.	Business concerns rely on an artificially created market which increases risk in the event that market diminishes or terminates.

- (b) *Invitation for bids.* An invitation for bids shall be issued and shall include specifications and all contractual terms and conditions applicable to the procurement.
- (c) *Public notice.* ~~For bids estimated to be \$25,000 or more, Adequate-adequate public notice of the invitation for bid shall be given at a reasonable time, not less than seven calendar days prior to the date set forth for the opening of the bid. The public notice shall state the place, date, and time of bid opening, and where bid documents may be inspected or obtained. Public notice for bids that are estimated to be less than \$50,000 shall be published only in a local newspaper of general circulation. All other public notice estimated at \$50,000 or more may include publication in a newspaper of general circulation, mailing, or posting through an electronic medium which is accessible to the general public. Bids that are expected to be over \$125,000.00 will be advertised at least two times, a minimum of seven days apart. Such notice(s) may include publication in a newspaper of general circulation, mailing, or posting through an electronic medium which is accessible to the general public.~~
- (d) *Bid opening.* A bid shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. A Late bid will not be accepted. Lateness will be determined by the purchasing managers time clock, and the purchasing managers determination of promptness or lateness will be final. The amount of each bid and such other relevant information as the purchasing manager deems appropriate, together with the name of each bidder, shall be recorded; the record and each bid shall be open to public inspection. A copy of the information may be obtained by sending a self-addressed stamped envelope with reference to the bid number and title to the purchasing department. This information will not be given over the telephone.
- (e) *Bid acceptance and bid evaluation.* A bid shall be unconditionally accepted without alteration or correction, except as authorized in this chapter. Bids shall be evaluated based on the requirements set forth in the invitation for bid, which may include criteria to determine acceptability, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award shall be objectively measurable, such as discounts, transportation costs, and total or life cycle costs. The invitation for bid shall set forth the evaluation criteria to be used. No criteria may be used in bid evaluation that are not set forth in the invitation for bid. Original cover sheet and all documents must be returned fully executed, if not so returned, bid will be rejected.
- (f) *Correction or withdrawal of bids; cancellation of awards.* Correction or withdrawal of an inadvertently erroneous bid before or after bid opening or cancellation of awards or contracts based on such bid mistakes may be permitted where appropriate. Mistakes discovered before bid opening may be modified or withdrawn by written or telegraphic notice in the office designated in the invitation for bids prior to the time set for bid opening. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the city or fair competition shall be permitted. In lieu of bid correction, a low bidder alleging a material mistake of fact may be permitted to withdraw its bid if:

- (1) The mistake is clearly evident on the face of the bid document but the intended correct bid is not similarly evident; or
- (2) The bidder submits evidence which clearly and convincingly demonstrates that a mistake was made. All decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination made by the purchasing manager.

(g) *Award.* Unless otherwise determined impractical by the purchasing manager, bids resulting in contract(s) totaling less than \$50,000 in the aggregate shall be awarded only to qualified local manufacturers or local businesses as defined pursuant to Section 24-100 in this chapter. Contracts shall be awarded to the lowest responsible and responsive bidder who meets the requirements and criteria set forth in the invitation for bid. The contract shall be awarded with reasonable promptness by appropriate written notice to the lowest responsible and responsive bidder who meets the requirements and criteria set forth in the invitation for bid, as recommended by the purchasing manager. The determination shall be sent by certified mail, or by verified electronic medium to all parties. If the low responsive and responsible bid for a construction project exceeds available funds by less and such bid does not exceed such funds by more than ten percent, the purchasing manager is authorized, when time or economic considerations preclude re-solicitation of work of a reduced scope, to negotiate an adjustment of the bid price with the lowest responsive and responsible bidder, in order to bring the bid within the amount of available funds.

(h) *Multistep sealed bidding.* When it is considered impractical to prepare initially a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been determined to be technically acceptable under the criteria set forth in the first solicitation.
(Code 1988, § 25.5-31; Ord. No. 1923, § 1, 6-17-02)

Sec. 24-92. Request for proposals.

- (b) *Request for proposal.* A proposal shall be solicited through a request for proposal.
- (c) *Public notice.* Adequate public notice of the request for proposal shall be given in the same manner as provided in section 24-91.

A register of proposals shall be prepared containing the name of each offeror. The register of proposals shall be open for public inspection not later than three days after the deadline for receipt of proposals. During the evaluation of proposals, and until approval of the recommendation of award by the city council, the contents of proposals may not be disclosed to the public. If a request for proposals is canceled and a similar RFP will be issued within six months, the contents of proposals received in response to the first request for proposals may not be disclosed until after approval by the city council of the recommendation of award for

the second RFP or cancellation of the RFP.

(e) *Evaluation factors.* The request for proposal shall state the relative importance of price and other evaluation factors.

(f) *Discussion with responsible offeror and revision to proposal.* As provided in the request for proposal, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award for the purpose of clarification to ensure full understanding of and conformance to the solicitation requirements. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of the identity of competing offerors or of any information derived from proposals submitted by competing offerors. Any modification received during the revision and negotiation stages will become a part of the permanent record.

(g) *Award.* ~~A Awards shall be made to the highest ranking responsible offeror taking into consideration the evaluation factors set forth in the request for proposals. ward shall be made to the responsible offeror, whose proposal is determined in writing by the purchasing manager to be the most advantageous to the city taking into consideration price, the evaluation factors, and any other factors set forth in the request for proposals. No other factors or criteria shall be used in the evaluation except that, unless otherwise determined impractical by the purchasing manager, award(s) resulting in contract(s) totaling less than \$50,000 in the aggregate shall be awarded only to qualified local manufacturers or local businesses as defined pursuant to Section 24-100 in this chapter. The contract file shall contain the basis on which the award is made. (a) *Definitions.* For purposes of this section, the following definitions also apply;

(1) The terms "resident business" and "resident manufacturer" shall be defined as set forth in section 13-1-21 NMSA 1978 and as amended. The term "resident contractor" is defined in section 13-4-2, NMSA 1978 and as amended.

- c. If a partnership, its partners owning a majority beneficial interest in the partnership are residents of the city; or
- d. If an individual or sole proprietor, he or she is a resident of the city.

- (2) Local business;
- (3) Resident manufacturer;
- (4) Resident business;
- (5) Resident contractor for public works projects.

(d) *Bids for goods and services.* When bids for the purchase of goods or services are received, the lowest bid received from those bidders in the first category listed above shall be multiplied by the preference factor for bids. If the bid receiving the preference is equal to or lower than the lowest bid received, the contract shall be recommended for award to the bidder receiving the preference. If no bids are received from bidders in the first category or if the bid receiving the preference does not qualify for an award after multiplication by the preference factor, the same procedure shall be followed with respect to the next category of bidders listed, and then to the next category until a bid qualifies for recommendation of award. If no bid qualifies for recommendation of award, then the contract shall be recommended for award without regard to resident or local preferences.

(e) *Proposals for goods and services.* When proposals for the purchase of goods or services are received, the evaluation score of the proposal receiving the highest score in the first category listed above shall be multiplied by the preference factor for proposals. If the proposal receiving the preference is equal to or

If no proposals are received from proposers in the first category or if the proposal receiving the preference does not qualify for an award after multiplication by the preference factor, the same procedure shall be followed with respect to the next category of proposers listed above, and then to the next category until a proposal qualifies for recommendation of award. If no proposal qualifies for recommendation of award, then the contract shall be recommended for award without regard to resident or local preferences.

(g) *Qualification for resident preference.* No resident business or manufacture shall be given any preference in the purchase of goods or services by the city unless it has qualified with the state purchasing agent as a resident business or manufacturer and obtain a certification number as provided in section 13-1-22, NMSA 1978 and as amended. The completed form with the information certified by the offerer must be submitted by the offeror with its bid or proposal for an offeror to qualify for this preference. If the offeror does business within the city limits, it must have a current city business registration.

(i) *Limitations.* No offeror shall receive more than a five percent preference pursuant to this section on any one offer submitted. Only the principal offeror or one of the principal offerors, not a subcontractor, may qualify for an offer for a preference.

(j) *Application.* This section shall not apply to general procurement contracts when bids exceed \$5,000,000.00 and shall not apply to public works projects or federally aided construction projects or when the expenditure of federal funds designed for a specific contract is involved.

DIVISION 4.

TYPES OF CONTRACTS AND CONTRACT ADMINISTRATION

Sec. 24-161. Types of contracts.

- (a) *General authority.* Subject to the limitations of this section, any type of contract which is appropriate to the procurement and which will promote the best interests of the city may be used, provided that the use of a cost-plus-a-percentage-of-cost contract be approved by the city council. A cost reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly to the city than any other type or that it is impracticable to obtain the supply, service, or construction item required except under such a contract.
- (b) *Multiterm contracts.*
- (1) *Specified period.* Unless otherwise provided by law, a contract for supplies or services may be entered into for any period of time deemed to be in the best interests of the city, provided the term of the contract and conditions of renewal or extension, if any, are included in the solicitation and funds are available for the first fiscal period at the time of contracting. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds thereof.
 - (2) *Determination prior to use.* Prior to the utilization of a multiterm contract, it shall be determined in writing that:
 - a. Estimated requirements cover the period of the contract and are reasonably firm and continuing; and
 - b. Such a contract will serve the best interests of the city by encouraging effective competition or otherwise promoting economies in city procurement.
- (c) *Multiple source contracting.*
- (1) *Generally.* A multiple source award is an award of an indefinite quantity contract for one or more similar supplies or services to more than one bidder or offeror. The obligation to order the city's actual requirements is limited by the provision of Uniform Commercial Code section 2-306(1).
 - (2) *Limitations on use.* A multiple source award may be made when award to two or more bidders or offerors for similar products is necessary for adequate delivery, service, or product compatibility. Any multiple source award shall be made in accordance with the provisions of sections 24-91, 24-92, 24-94 and 24-96, as applicable. Multiple source awards shall not be made when a single award will meet the city's needs without sacrifice of economy or service. Awards shall not be made for the purpose of dividing the business, making available product or supplier selection to allow for user preference unrelated to utility or economy, or avoiding the resolution of tie bids. Any such awards shall be limited to the least number of suppliers necessary to meet the valid

requirements.

- (3) *Eligible users.* All eligible users of the contract shall be named in the solicitation, and it shall be mandatory that the actual requirements of such users that can be met under the contract be obtained in accordance with the contract, provided that the city shall reserve the right to take bids separately if:
 - a. A particular quantity requirement arises which exceeds its normal requirement or an amount specified in the contract; and
 - b. The purchasing manager approves a finding that the supply or service available under the contract will not meet a nonrecurring special need of the city.
- (4) *Intent to use.* If a multiple source award is anticipated prior to issuing a solicitation, the city shall reserve the right to make such an award, and the criteria for award shall be stated in the solicitation.
- (5) *Determination required.* The purchasing manager shall make a written determination setting forth the reasons for a multiple source award, which shall be made a part of the procurement file.

(Code 1988, § 25.5-61; Ord. No. 1923, § 1, 6-17-02)

Sec. 24-162. Contract clauses.

(a) *Required generally.* All city contracts for supplies, services, and construction shall include provisions necessary to define the responsibilities and rights of the parties to the contract. The purchasing manager, after consultation with the city attorney, may issue clauses appropriate for supply, service, or construction contracts, addressing among others the following subjects:

- (1) Statement of work, delivery schedules, and period of performance;
- (2) The unilateral right of the city to order in writing changes in the work within the scope of the contract;
- (3) The unilateral right of the city to order in writing temporary stopping of the work or delaying performance that does not alter the scope of the contract;
- (4) Variations occurring between estimated quantities of work in the contract and actual quantities;
- (5) Defective pricing;
- (6) Liquidated damages to include administrative contractual or legal remedies for violation of contract terms;
- (7) Specified excuses for delay or nonperformance;
- (8) Termination of the contract for default or cause;

- (9) Termination of the contract in whole or in part for the convenience of the city;
- (10) Suspension of work on a construction project ordered by the city; and
- (11) Site conditions differing from those indicated in the contract, or ordinarily encountered, except that a differing site conditions clause need not be included in a contract when:
 - a. The contract is negotiated;
 - b. The contractor provides the site or design; or
 - c. The parties have otherwise agreed with respect to the risk of differing site conditions.

(b) *Price adjustments.*

- (1) Adjustments in price resulting from the use of contract clauses required by subsection (a) of this section shall be computed in one or more of the following ways:
 - a. By agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
 - b. By unit prices specified in the contract or subsequently agreed upon;
 - c. By the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as specified in the contract or subsequently agreed upon;
 - d. In such other manner as the contracting parties may mutually agree; or
 - e. In the absence of agreement by the parties, by a unilateral determination by the city of the costs attributable to the events or situations under such clauses with adjustment of profit or fee as computed by the city, as accounted for in accordance with industry price list, catalogue or market prices and subject to the appeals and remedies in article VII of this chapter.
- (2) A contractor shall be required to submit cost or pricing data if any adjustment in contract price is subject to section 24-131.

(c) *Standard clauses and modification.* The purchasing manager, after consultation with the city attorney, may establish standard contract clauses for use in city contracts. If the purchasing manager establishes any standard clauses addressing the subjects set forth in subsection (a) of this section, such clauses may be varied, provided that any variations are supported by a written determination that states the circumstances justifying such variations, and provided that notice of any such material variation be stated in the invitation for bids or request for proposals.

(Code 1988, § 25.5-62; Ord. No. 1923, § 1, 6-17-02)

Sec. 24-163. Contract administration.

For the purpose of this chapter, a contract administration system designed to ensure that a contractor is performing in accordance with the solicitation under which the contract was awarded, and the terms and conditions of the contract, shall be maintained.

(Code 1988, § 25.5-63)

Sec. 24-164. Cost reimbursement.

If a city contract is being funded in whole or in part by assistance from a federal agency, reimbursement to contractors for incurred costs or cost estimates included in negotiated prices may be subject to appropriate federal cost principles, e.g., subpart 1-15 of title 41, Code of Federal Regulations.

(Code 1988, § 25.5-64)

Sec. 24-165. Approval of accounting system.

Except with respect to firm fixed-price city contracts, no contract type shall be used unless it has been determined in writing by the purchasing manager that the proposed contractor's accounting system:

(1) Will permit timely development of all necessary cost data in the form required by the specific contract type contemplated; and

(2) Is adequate to allocate costs in accordance with generally accepted cost accounting principles.

(Code 1988, § 25.5-65; Ord. No. 1923, § 1, 6-17-02)

Sec. 24-166. Right of inspection.

The city may, at reasonable times, inspect the part of the plant, place of business, or work site of a contractor or subcontractor at any tier which is pertinent to the performance of any contract awarded or to be awarded by the city.

(Code 1988, § 25.5-66)

Sec. 24-167. Right to audit records.

(a) *Audit of cost or pricing data.* The city may at reasonable times and places, audit the books and records of any contractor who has submitted cost or pricing data pursuant to section 24-131 to the extent that such books, documents, papers, and records are pertinent to such cost or pricing data. Any person who receives a contract, change order, or contract modification for which cost of pricing data is required shall maintain such books, documents, papers, and records that are pertinent to such cost or pricing data for three years from the date of final payment under the contract.

(b) *Contract audit.* The city shall be entitled to audit the books and records of a contractor or a subcontractor at any tier under any negotiated contract or subcontract other than a firm fixed-price contract to the extent that such books, documents, papers, and records are pertinent to the performance of such contract or subcontract. Such books and records shall be maintained by the contractor for a period of three years from the date of final payment under the prime contract and by the subcontractor for a period of three years from the date

of final payment under the subcontract.
(Code 1988, § 25.5-67)

Sec. 24-168. Reporting of anticompetitive practices.

When for any reason collusion or other anticompetitive practices are suspected among any bidders or offerors for a city contract, a notice of the relevant facts shall be transmitted to the state attorney general by the city attorney.

(Code 1988, § 25.5-68)

Sec. 24-169. City records.

(a) *Contract file.* All determinations and other written records pertaining to the solicitation, award, or performance of a city contract shall be maintained for the city in a contract file by the purchasing manager.

ARTICLE IV.
SPECIFICATIONS

Sec. 24-196. Maximum practicable competition.

Under this chapter, all specifications shall be drafted so as to promote overall economy for the purposes intended and to encourage competition in satisfying the city's needs, and shall not be unduly restrictive. The policy enunciated in this section applies to all specifications including, but not limited to those prepared for the city by architects, engineers, designers, and draftsmen.

(Code 1988, § 25.5-81)

Sec. 24-197. Qualified products list.

The city may adopt qualified product lists that shall allow for maximum competition as is practical and that will satisfy the requirements of the city.

(Code 1988, § 25.5-82)

Sec. 24-198. Brand name or equal specification.

(a) *Use.* Under this chapter, brand name or equal specifications may be used when the purchasing manager determines in writing that:

- (1) No other design or performance specification or qualified products list is available;
- (2) Time does not permit the preparation of another form of purchase description, not including a brand name specification;
- (3) The nature of the product or the nature of the city's requirements makes use of a brand name or equal specification suitable for the procurement; or
- (4) Use of a brand name or equal specification is in the city's best interest.

Samples of "or equal" materials should be submitted with the bid; however, they may be submitted after the bid opening if adequate time is allowed to evaluate the samples before the bid is awarded.

(b) *Designation of several brand names.* Brand name or equal specifications shall seek to designate three, or as many different brands as are practicable, as "or equal" references, and shall further state that substantially equivalent products to those designated will be considered for award.

(c) *Required characteristics.* Unless the purchasing manager determines in writing that the essential characteristics of the brand names included in the specifications are commonly known in the industry or trade, brand name or equal specifications shall include a description of the particular design, functional, or performance characteristics which are required.

(d) *Nonrestrictive use of brand name or equal specifications.* Where a brand name or equal

specification is used in a solicitation, the solicitation shall contain explanatory language that the use of a brand name is for the purpose of describing the standard of quality, performance, and characteristics desired and is not intended to limit or restrict competition.

(Code 1988, § 25.5-83; Ord. No. 1923, § 1, 6-17-02)

Sec. 24-199. Brand name specification.

(a) *Use.* Since use of a brand name specification is restrictive of product competition, it may be used only when the purchasing manager makes a written determination that only the identified brand name item will satisfy the city's needs.

(b) *Competition.* The purchasing manager shall seek to identify sources from which the designated brand name item can be obtained and shall solicit such sources to achieve whatever degree of price competition is practicable. If only one source can supply the requirement, the procurement shall be made under section 24-95.

ARTICLE V.

PROCUREMENT OF CONSTRUCTION, ARCHITECT-ENGINEER AND LAND SURVEYING SERVICES

Sec. 24-226. Management of construction contracting.

The head of the city department responsible for a construction project shall have discretion to select the appropriate method of construction contracting management for a particular project. In determining which method to use, the department head shall consider the city's requirements, its resources, and the potential contractor's capabilities.

(Code 1988, § 25.5-91; Ord. No. 1923, § 1, 6-17-02)

Sec. 24-227. Bid security and performance bonds.

- (a) *Bid security.* For the purpose of this article, bid security is subject to the following:
 - (1) *Required.* Bid security shall be required for all competitive sealed bidding for construction contracts when the price is estimated by the purchasing manager to exceed \$50,000.00. Bid security shall be a bond provided by a surety company authorized to do business in the state or the equivalent in cash or otherwise supplied in a form satisfactory to the city. Nothing in this subsection shall prevent the requirement of such bonds on construction contracts under \$50,000.00 when the circumstances warrant.
 - (2) *Amount.* Bid security shall be in an amount equal to at least five percent of the amount of the bid.
 - (3) *Rejection of bids for noncompliance.* When the invitation for bids requires security, noncompliance requires that the bid be rejected unless it is determined that the bid fails to comply only in a nonsubstantial manner with the security requirements.
 - (4) *Withdrawal of bids.* If a bidder is permitted to withdraw its bid before award as provided in section 24-91(f), no action shall be taken against the bidder or the bid security.
 - (5) *Authority to require additional bonds.* Nothing in this section shall be construed to limit the authority of the city to require a bid bond or other security in addition to those bonds, or in circumstances other than specified in subsection (a)(1) of this section.
- (b) *Contract performance and payment bonds.*
 - (1) *Required; amounts.* When a construction contract is awarded in excess of \$25,000.00, the following bonds or security shall be delivered to the city and shall become binding on the parties upon the execution of the contract:
 - a. A performance bond satisfactory to the city, executed by a surety company authorized to do business in the state or otherwise secured in a manner satisfactory to the city, in an amount equal to 100 percent of the price specified in the contract; and

b. A payment bond satisfactory to the city, executed by a surety company authorized to do business in the state or otherwise secured in a manner satisfactory to the city, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract. The bond shall be in an amount equal to 100 percent of the price specified in the contract.

- (2) *Reduction of bond amounts.* After notice to the city council, the purchasing manager is authorized to reduce the amount of performance and payment bonds to 50 percent of the contract price for each bond when a written determination is made that it is in the best interests of the city to do so.
- (3) *Authority to require additional bonds.* Nothing in this subsection shall be construed to limit the authority of the city to require a performance bond or other security in addition to those bonds or in circumstances other than specified in subsection (b)(1) of this section.
- (4) *Right to file suit on payment bonds.* Unless otherwise authorized by law, any person who has furnished labor or material to the contractor or subcontractors for the work provided in the contract, for which a payment bond is furnished under this subsection, and who has not been paid in full within 90 days from the date on which that person performed the last of the labor or supplied the material shall have the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due that person. However, any person having a contract with a subcontractor of the contractor, but having no express or implied contract with the contractor furnishing the payment bond, shall have a right of action upon the payment bond upon giving written notice to the contractor within 90 days from the date on which that person performed the last of the labor or supplied the material. That person shall state in the notice the amount claimed and the name of the party to whom the material was supplied or for whom the labor was performed. The notice shall be served personally or by registered or certified mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.
- (5) *Location for filing suit on payment bonds.* Unless otherwise authorized by law, every suit instituted upon a payment bond shall be brought in a court of competent jurisdiction for the county or district in which the construction contract was to be performed.

(c) *Copies of bond forms.* Any person may request and obtain from the city a certified copy of a bond upon payment of the cost of reproduction of the bond and postage, if any. A certified copy of a bond shall be prima facie evidence of the contents, execution, and delivery of the original.
(Code 1988, § 25.5-92; Ord. No. 1923, § 1, 6-17-02)

Sec. 24-228. Fiscal responsibility.

(a) When the aggregate sum of contract modifications, change orders, or contract price adjustments exceeds \$50,000.00, all subsequent contract modifications, change orders, or contract price adjustments shall be subject to city council approval, except for those contracts that will be or are approved under the contract limitations and change order policy.

(b) Aggregate contract modifications, change orders, or price adjustments up to \$50,000.00 shall be authorized by the city manager conditioned upon the award limitations stated in section 24-99. (Code 1988, § 25.5-93; Ord. No. 1923, § 1, 6-17-02)

The debarment may apply to a person in his individual as well as corporate capacity. The debarment shall be for a period of not more than three years.

(b) The causes for debarment shall include one or more of the following:

- (3) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals.
- (4) Violation of any city or noncity contract provision, as follows, of a character which is regarded by the purchasing manager to be so serious as to justify debarment action:
 - a. Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or
 - b. A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts, including failure to pay subcontractors, provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for debarment.
- (5) Any other cause the purchasing manager determines to be so serious and compelling as to affect responsibility as a city contractor, including debarment by another governmental entity for any cause listed in this chapter.
- (6) Violation of the ethical standards set forth in article X of this chapter.

Any notice of appeal not filed within the five-working-day period shall not be timely. The notice of appeal shall be filed with the city clerk and shall set forth in detail all reasons for the appeal. No debarred person shall contact orally or in writing any member of the appeals board outside of the adjudicatory process.

(b) *Appeals board.* All timely appeals of the purchasing manager's determination shall be heard by the appeals board within 15 working days after filing the notice of appeal with the city clerk. The appeals board shall consist of three members who are neither city employees nor city councilors and who shall be appointed by the city manager. The members may receive travel expenses or per diem or may serve voluntarily.

(c) *Notification of hearing.* The city clerk shall be responsible for notifying the debarred person of the time and place of the hearing, which shall be opened to the public and conducted in compliance with the Open Meetings Act.

The decision of the board shall be based upon the evidence received at the hearing

Such protest must be filed within five working days after the aggrieved bidder or offeror knows or should have known of the facts giving rise to the protest unless, otherwise specified in this chapter, and shall be accompanied by an appeals bond (except where prohibited by federal law) in an amount set by the city council by resolution (Resolution No. 00-148). The determination shall set forth the rationale, the proposed action to be taken by the purchasing manager or the city and shall inform the protestor and other bidders of their right to appeal the purchasing manager's determination in accordance with the appeal procedures set forth in subsection (c) of this section. Sec. 24-287. Remedies for solicitations or awards in violation of law.

(a) *Prior to bid opening or closing date for receipt of proposals.* If, prior to the bid opening or the closing date for receipt of proposals, the purchasing manager, after consultation with the city attorney, determines that a solicitation made under this chapter is in violation of federal, state, or municipal law, the solicitation shall be canceled or revised to comply with applicable law.

or

(2) If the person awarded the contract has acted fraudulently or in bad faith, the contract may be declared null and void or voidable, if such action is in the best interests of the city.
