B. Early Termination Before Reversion Date Due to Non-appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: deauthorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to Article I and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, as of the effective date of the law making the non-

If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI(A), the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V(A)(iii). All subrecipients shall be required to certify accordingly.

**ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS;
PROJECT RECORDS**

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if

C. The Grantee shall make all Project records available to the Department and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part or all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

Attachments A and B are incorporated by reference and made part of the Agreement. This Agreement constitutes the entire and exclusive agreement between the Grantee and Department concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made

available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

“The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the City of Las Cruces may immediately terminate this Agreement by giving Contractor written notice of such termination. The City of Las Cruces’s decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. Contractor hereby waives any rights to assert an impairment of contract claim against the City of Las Cruces or the NMED or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the City of Las Cruces or the Department”

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges and agrees that Grantee shall include the following or a termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

“This contract is funded in whole or in part by funds made available under a NMED Grant Agreement. Should the NMED early terminate the grant agreement, the City of Las Cruces may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the City of Las Cruces’s only liability shall be to pay Contractor for acceptable goods delivered and services rendered before the termination date.”

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

ARTICLE XVII. COMPLIANCE WITH UNIFORM FUNDING CRITERIA.

A. Throughout the term of this Agreement, Grantee shall:

1. submit all reports of annual audits and agreed upon procedures required by Section 12-6-3(A)-(B) NMSA 1978 by the due dates established in 2.2.2 NMAC, reports of which must be a public record pursuant to Section 12-6-5(A) NMSA 1978 within forty-five days of delivery to the State Auditor;

3. timely submit all required financial reports to its budgetary oversight agency (if any); and
4. have adequate accounting methods and procedures to expend grant funds in accordance with applicable law and account for and safeguard grant funds and assets acquired by grant funds.

B. In the event Grantee fails to comply with the requirements of Paragraph A of this Article XVII, the Department may take one or more of the following actions:

1. suspend new or further obligations pursuant to Article VI(A) of this Agreement;
2. require the Grantee to develop and implement a written corrective action plan pursuant to Article VI(D) of this Agreement to remedy the non-compliance;
3. impose special grant conditions to address the non-compliance by giving the Grantee notice of such special conditions in accordance with Article III of this Agreement; the special conditions shall be binding and effective on the date that notice is deemed to have been given pursuant to Article III; or
4. terminate this Agreement pursuant to Article V(A) of this Agreement.

ARTICLE XVIII. SEVERANCE TAX BOND CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond, which is administered by the New Mexico State Board of Finance (BOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole responsibility to determine through BOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a BOF imposed condition does not affect the validity or enforceability of the condition; (iii) the BOF may in the future impose further or different conditions upon the Project; (iv) all BOF conditions are effective without amendment of this Agreement; (v) all applicable BOF conditions must be satisfied before the BOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current BOF conditions being satisfied.

B. Grantee acknowledges and agrees that this Agreement is subject to the BOF's Bond Project Disbursements rule, 2.61.6 NMAC, as such may be amended or re-codified.

[THIS SPACE LEFT BLANK INTENTIONALLY]

IN WITNESS WHEREOF, the parties have duly executed this Agreement as of the date of execution by the Department.

TO
STATE OF NEW MEXICO
CAPITAL APPROPRIATION FUND AGREEMENT**

ARTICLE 1 REVIEW

Upon execution of the agreement, the Grantee will follow the procedures listed below unless waived in writing by the New Mexico Environment Department (NMED) (payment may be withheld if any of these procedures are not followed by the Grantee).

- A. The Grantee must submit a detailed project description to NMED Construction Programs Bureau prior to committing to expenditures from these funds. The detailed description will be provided on the Attachment B form. The Grantee must submit copies to NMED of all executed contracts entered into by the Grantee prior to this agreement, that are related to the project, for review and, if appropriate, approval.
- B. If these grant funds are to be used for engineering and/or other professional services, the Grantee must submit documentation regarding the hiring process to be used and the Request for Proposals (RFP), if applicable, to NMED for review and approval **prior to** selecting engineering and/or other professional services. An RFP for engineering services and/or other professional services must be performed in compliance with the New Mexico Procurement Code [Sections 13-1-21 et seq. NMSA 1978]. If, for any one circumstance, engineering fees will exceed \$60,000, excluding gross receipt taxes, the Grantee is also required to contact the Professional Technical Advisory Board (PTAB) for assistance in the preparation of the RFP package. (PTAB: phone (505) 888-6161 and e-mail ptab@acecnm.org.)
- C. If these grant funds are to be used for engineering and/or other professional services, the Grantee must submit a draft of any engineering agreement and/or other professional services contract, or a letter certifying that the Grantee's staff will be used for design, to NMED for review and approval **prior to** executing the agreement/contract or using Grantee's staff. The required engineering agreement format is the "Publicly Funded Project" form prepared by NMED and posted on the website at www.nmenv.state.nm.us/cpb/cpbttop.html.
- E. A preliminary engineering report (PER) or study by a registered New Mexico Professional Engineer may be required. If a PER or study is to be prepared, the Grantee and their consultant shall meet with NMED before starting any work for a "scoping" meeting to fully discuss the scope and extent of the PER. The consultant shall present their preliminary outline for the PER, including the alternatives to be considered. The Grantee must submit the final PER and/or study to NMED for review and approval **before** preparation of plans and specifications. The purpose of the PER and/or study is to analyze and choose the most technically feasible and cost effective solution for the project. The PER must follow USDA RUS Bulletin 1780-2.
- D. Grantee agrees not to start the preparation of plans and specifications until NMED approval of the PER, study, or waiver of the report requirement has been received.

- E. If the grant funds are to be used for engineering design or for construction, the Grantee must submit all plans, specifications, and any addenda for this project (prepared by a registered New Mexico Professional Engineer) to NMED for review and approval before the project is advertised for construction bids.
- F. The Grantee must submit all work related to easements, rights-of-ways, other property rights, and financing provisions associated with the project to NMED for review prior to advertising for construction. A site certificate certifying that all necessary easements and/or property upon or through which the project is being constructed have been obtained must be submitted prior to the advertisement for bid of the project. The Site Certificate must be signed by an attorney, engineer, surveyor, or title abstractor. The Grantee must submit the recommendation of award, certified bid tabulation, a copy of bid bond for the selected contractor and evidence of full project financing to NMED for review and approval prior to awarding the contract. Grantee shall not award the contract until NMED has concurred in writing with the award. Competitive bidding, in accordance with applicable state laws (including local wage determinations as provided for in Section 13-4-11 NMSA 1978), will be used for awarding construction contracts. Contracts will be awarded to the responsive, responsible bidder who submits the lowest acceptable bid, or as provided for by State Law.
- G. Following NMED approval of the proposed award, the Grantee will submit the notice of the award and the minutes of the meeting in which the award was made, the notice of a pre-construction conference, a copy of the executed construction contract documents (including payment and performance bonds), and the notice to contractor to proceed to NMED for review. The selected contractor will be required to post a performance and payment bond in accordance with requirements of Section 13-4-18 NMSA 1978.
- H. The selected contractor will submit a construction schedule to the Grantee and NMED if requested at the pre-construction conference with a copy to NMED. The Grantee will submit all modifications to plans and contract by change orders to the NMED project manager promptly for review and approval prior to implementation of such modification or change. The decision by NMED will be rendered promptly in writing to the Grantee. In cases necessitating immediate action, a verbal decision will be rendered by NMED and followed by a written confirmation to the Grantee.
- I. The Grantee will provide a full-time construction inspector during construction of the project. The Grantee will be required to submit the inspector's résumé to NMED for review and approval. All daily inspection reports shall be made available to the NMED Project Manager upon request.
- J. Notwithstanding the inspections performed by the Grantee and its engineer, NMED will have the right to examine all installations comprising the project, including materials delivered and stored on-site for use on the project. Such examinations will not be considered an inspection for compliance with contract plans, but will be a general NMED review as described in Article 2 below.
- K. If applicable, the Grantee (or the system owner) will employ qualified utility operators and will comply with all provisions of the New Mexico Utility Operators Certification Act, Section 61-33-1 et seq. NMSA 1978.

- L. If the grant funds are to be used for construction of wastewater collection lines or water distribution lines, the Grantee will assure NMED that the existing population will connect to the collection system or distribution system within reasonable time after project completion. This will be accomplished by adoption and annual review of an ordinance and user charge system or other legal documents or other official act requiring such connection to the system, to the extent permitted by law.

ARTICLE 2 NMED OVERSIGHT

NMED inspection, review and approval are only for purposes of compliance with applicable state grant requirements, procedures, statutes and regulations. NMED approval will not be interpreted as any warranty or guarantee of any kind. Approval of plans and design of the project means only that plans are complete and in compliance with applicable state grant requirements, procedures and regulations. NMED will bring to the Grantee's attention, any obvious defects in the project's design, materials or workmanship, but all such defects and their correction will be the responsibility of the Grantee and its contractors and consultants. Any questions raised by NMED during its inspections and reviews shall be resolved exclusively by the Grantee. The Grantee and its contractors and consultants will remain responsible for the completion and success of the project. Approval does not relieve the owner or engineer of legal responsibilities for the overall integrity of the project, adequacy of the design, safety, or compliance with all applicable regulations.

ARTICLE 3 CLOSEOUT

- A. The project will not be considered complete until the work as defined in this agreement has been fully performed, and finally and unconditionally accepted by the Grantee and NMED.
- B. If the grant funds are to be used for preparation of a PER, a study, or plans and specifications, final payment will be made after approval by NMED of the PER, study, or plans and specifications. Payments do not constitute approval of any of these documents.
- C. If the grant funds are to be used for purchase of equipment, final payment will be made after approval by NMED of receipt of equipment title and appraisal reports for used equipment.
- D. If the grant funds are to be used for construction, final payment will be made after the final inspection has been conducted by NMED and the following items, unless waived by NMED, have been provided to NMED, and have been reviewed and approved by NMED:
- i. Operation and maintenance manuals or a letter from the owner certifying receipt and acceptance of the operation and maintenance manuals;
 - ii. A final reimbursement request including the final certified construction pay request prepared by the Grantee's project engineer and approved by the Grantee;
 - iii. A certificate of substantial completion including punch list items;

- iv. A letter certifying project acceptance by the Grantee and the Grantee's project engineer stating that work has been satisfactorily completed and the construction contractor has fulfilled all of the obligations required under the contract documents with the Grantee, or if payment and materials performance bonds are "called", an acceptance close-out settlement to the Grantee and contractors will be submitted to NMED for final review and approval;
- v. Certification letter by the Grantee that the Labor Standards Contract Provisions have been met;
- vi. Record drawings prepared by the Grantee's project engineer or a letter from the owner certifying receipt and acceptance of the record drawings;
- vii. Complete and legally effective releases or waivers (satisfactory to the Grantee) of all liens arising out of the contract documents and the labor services performed and the materials and equipment furnished there under. In lieu thereof and as approved by the Grantee, contractor(s) may furnish receipts or releases in full; an affidavit of contractor that the releases and receipts include labor, services, materials, and equipment for which a lien could be filed and that all payrolls, material and equipment bills, and other indebtedness connected with the work for which the Grantee or its property might in any way be responsible, have been paid or otherwise satisfied;
- viii. A written consent of the surety, if any, to final payment; and
- ix. Grantee's ledger sheets including all payments made by the Grantee may be requested with the final reimbursement request and before the final reimbursement request can be processed by NMED.

With the exception of easements (See Article 1.G above), when real property is acquired by the Grantee, either through purchase or donation as a part of this project and within the project period, the Grantee will submit documentation of the acquisition to NMED, including a legal description of the property, the date the property will be acquired, evidence of clear title, and an appraisal report prepared by a qualified appraiser who was selected through applicable procurement procedures. These documents must be reviewed and approved by NMED **prior to** the acquisition of any real property. After real property acquisition, the Grantee will make available to NMED all documents of title pertaining to the acquired property and all easements or rights-of-way necessary for the completion of work under this grant agreement.
