TIDD Board Discussion Summary

Meeting Date: January 12, 2015

TITLE: DOWNTOWN PLAZA

PURPOSE(S) OF DISCUSSION:

- Inform/Update
- Direction/Guidance
- Legislative Development/Policy

BACKGROUND / KEY ISSUES / CONTRIBUTING FACTORS:

Through the Charrette process and report delivered to City Council in March 2014, three catalyst projects were identified to continue downtown redevelopment. One identified project was the design and construction of a civic plaza. This TIDD agenda item will provide an update about the public engagement process and design of the plaza, including a detailed discussion about the plaza stage.

There will be three presentations during this agenda item:

1. A staff presentation will recount the highlights of public planning process for the civic plaza, including the recent design open house held on December 6, 2014.
2. The design consultant will detail the various features of the civic plaza.
3. A final staff presentation will address proposed design features and function of the plaza stage.

Following the three presentations, the TIDD Board will have the opportunity to address questions and comments regarding the proposed plaza design. Also, further public input will be gathered.
