**BACKGROUND / KEY ISSUES / CONTRIBUTING FACTORS:**

Resolution No. 80-338, Street Name Change Policy, requires a petition from 75% of landowners adjacent to the roadway to initiate the street name change process. Furthermore, the Resolution also requires the Planning and Zoning Commission (P&Z) make a recommendation to City Council of the name change during a public hearing. A final decision regarding the name change is made by City Council.

The City received a petition for a street name change for a segment of Tashiro Dr. between N. Valley Dr. and Motel Blvd. near the Field of Dreams sports complex to Jim Bradley Dr. in honor of the successful regional and local coach. As required by Resolution No. 80-338, the City did receive 75% of the required adjacent landowners' signatures. Although the City owns a significant amount of land adjacent to Tashiro Dr., they were not considered as part of the seventy-five percent. Signatures were received from the Las Cruces Public School District, Dr. Joe Aday for D&R Inc., and the Mesilla Valley Public Housing Authority for Robledo Ridge LLLP. The only signature not received was from Change LLC, the owner of the property located at the northwest corner of Tashiro Dr. and N. Valley Dr.

The proposal is not; however, consistent with Resolution No. 80-337, Guidelines for the Naming of Streets and the Issuing of Addresses. As the segment of Tashiro Dr. from N. Valley Dr. to Motel

RESOLUTION NO. 17-026

**A RESOLUTION APPROVING A STREET NAME CHANGE FOR A SEGMENT OF TASHIRO DR. BETWEEN N. VALLEY DR. AND MOTEL BLVD. TO THE NAME OF JIM BRADLEY DR.**

The City Council is informed that:

**WHEREAS**, a petition to change the name of a segment of Tashiro Dr. from N. Valley Dr. to Motel Blvd. to the name of Jim Bradley Dr. was submitted by 75% of adjacent landowners and supported by several hundred residents as shown in Exhibit "A", attached hereto and made part of this Resolution; and

**WHEREAS**, Resolution No. 80-338, Street Name Change Policy, dictates the procedure and requirements for a street name change; and

**WHEREAS**, Jim Bradley was a valuable coach and citizen; and

**WHEREAS**, the Planning and Zoning Commission voted 6-0-0 (one Commissioner absent) in favor of the street name change during a public hearing held on June 28, 2016.

**NOW, THEREFORE**, be it resolved by the governing body of the City of Las Cruces:

**(I)**

**THAT** the City Council hereby renames a segment of Tashiro Dr. from N. Valley Dr. to Motel Blvd. to the name of Jim Bradley Dr. as shown on the Location Map, Exhibit "B", attached hereto and made part of this Resolution.

**(II)**

**THAT** City staff is hereby authorized to do all deeds necessary in the accomplishment of the herein above.

### SECTION 1: SYNOPSIS OF PROPOSAL

Several adjacent land owners fronting Tashiro Dr. from N Valley Dr. to Motel Blvd. have requested that the street name of Tashiro be changed to Jim Bradley in honor of the successful local and regional coach. City of Las Cruces Resolution 80-338, Street Name Change Policy, requires a petition from seventy-five percent of landowners adjacent to the roadway to initiate the street name change process. Furthermore, the resolution also requires the Planning and Zoning Commission make a recommendation to City Council of the name change during a public hearing. A final decision regarding the name change is made by City Council.

### SECTION 2: REVIEWING DEPARTMENT/AGENCY RECOMMENDATIONS

Department Name	Approval (Yes/ No)	Conditions (Yes/No)
CLC Development Services	Yes	Yes: All of Tashiro should be changed per Resolution 80-337
Metropolitan Planning Organization (MPO)	Yes	No
CLC Traffic	Yes	No
CLC Land Management	Yes	Yes: Recommend changing all of Tashiro
CLC Fire & Emergency Services	Yes	No
CLC Police	Yes	No
CLC Utilities	Yes	No
CLC Addressing	Yes	Yes: Complete street name change in accordance with Resolution 80-337

### SECTION 3: STAFF ANALYSIS AND CONCLUSIONS

Tashiro Dr. was originally a private access road, purchased in 1972 by the Tashiros, linking multiple parcels associated with the Tashiro family farm. The farm and surrounding area have since been annexed into the City and developed into residential subdivisions and recreational property owned by the Las Cruces Public School District, also known as the "Field of Dreams". Tashiro Dr. was also improved over time and is now City of Las Cruces right-of-way. On July 24, 1979, a street name change was requested to modify the name of Tashiro to Medina; it failed and the name of Tashiro remained.

The Las Cruces Public School District, along with two other adjacent property owners, have petitioned to modify Tashiro Dr. to Jim Bradley Dr. near the athletic fields between N Valley Dr. and Motel Blvd. to honor Coach Jim Bradley. A synopsis of his accomplishments and public petition is attached to this report for your review. As required by resolution 80-338, the City did receive seventy-five percent of the required adjacent landowners' signatures. Although the City of Las Cruces owns a significant amount of land adjacent to Tashiro, they were not considered as part of the seventy-five percent. The only signature not received was from the owner of the property at the northwest corner of Tashiro Dr. and N Valley Dr., Change LLC.

As the naming of streets is a policy decision by the City's elected and appointed officials, city staff maintains a neutral position on the actual name. The proposal is primarily consistent with Resolution 80-337, Guidelines for the Naming of Streets and the Issuing of Addresses. However, as this segment of roadway is not offset or barricaded from the remainder of Tashiro going west to Roadrunner Ln., the name should be continued to include all of the street as specified by Section IV of this resolution. This segment of Tashiro is part of the Legends West development and no properties on this segment are accessed directly from Tashiro or are addressed off of Tashiro. As residents along this segment would remain relatively unaffected by the change and because emergency response would be clearer from consistency in the same road name, staff recommends the entire length of Tashiro from N Valley Dr. to Roadrunner Ln. be modified if the name change to Jim Bradley is approved.

**DRC RECOMMENDATION**

DRC is not a recommending body for these types of projects, therefore, no review was required as part of this request.

**STAFF RECOMMENDATION**

Staff recommends that the entire length of the street be one name in order to remain consistent with Resolution 80-337, Guidelines for the Naming of Streets and the Issuing of Addresses, and to eliminate any potential confusion for emergency responders

**FINDING FOR APPROVAL**

1. The street name change is consistent with both Resolution 80-337, Guidelines for the Naming of Streets and the Issuing of Addresses, and Resolution 80-338, Street Name Change Policy.

**CONDITION OF APPROVAL**

1. The entire length of the street currently known as Tashiro Dr. from N Valley Dr. to Roadrunner Ln. be listed under one name.

RESOLUTION NO. 80-337

A RESOLUTION APPROVING GUIDELINES FOR THE NAMING OF STREETS AND THE ISSUING OF ADDRESSES

The City Commission is informed that:

The need has arisen to improve the organizing of street names and addresses for better location identification and improved public safety.

The Planning and Zoning Commission, at its regular meeting of January 24, 1978, recommended approval of these guidelines for street naming and addressing.

NOW THEREFORE, the City Commission of the City of Las Cruces New Mexico determines, resolves, and orders as follows:

(1)

THAT in accordance with the recommendations of the Planning and Zoning Commission that the guidelines for the naming of streets and the issuing of addresses are hereby adopted.

(2)

THAT City Staff and officials are authorized and directed to execute appropriate documentation, and to do all acts and deeds necessary in the accomplishments of the hereinabove.

DONE AND APPROVED this 19th day of May, 1980.

QUADRANT DESIGNATION

To further develop the addressing pattern it is proposed that a quadrant system be formally adopted. See map 1. As shown on the map each section may be referred to as either the Northeast, Southeast, Southwest, or Northwest quadrant. The Old Post Office was the original criteria for an addressing starting point. This original point has been maintained so as to minimize unnecessary address changes.

QUADRANTS

Northwest  
(NW)

Northeast  
(NE)

Quadrants intersect  
at Griggs Ave. &  
Downtown Mall

Southeast  
(SE)

Southwest  
(SW)

## DIRECTIONAL DESIGNATION

The Las Cruces addressing pattern develops from a central intersection at Main Street and Griggs Avenue. This intersection marks the change for East/West and North/South designation. The numbers radiate from this central point. Even numbers, starting with 100, increase from this point and will always be on the right side of the street. Odd numbers, starting with 101, increase from this point and will always be on the left. See figure 1.

Figure 1.

NUMBERING SEQUENCE

At present, the Planning Department uses the following criteria to determine the numbering sequence for assigning and reassigning addresses throughout the City.

Each hundred block is approximately six hundred feet in length, allowing for irregularities in street layout, terrain, etc.... The Las Cruces Post Office has suggested that subdivisions stagger addresses so that each hundred block does not begin with the same number for instance; 00, 02, 04. As shown in figure 2.

## STREET NAMES - GENERAL INFORMATION

## I. STREET NAME LOCATION CALLS

Street name location calls are referred to the street name/number coordinator. A description of the location of these streets is found in the Master Street Name File.

## II. MASTER STREET NAME FILE

- A. Cards are not to be removed from this file. Any proposed changes or corrections to the cards should be reported to the street name/number coordinator.
- B. Street names shall be entered in the file as soon as possible after the subdivision map has been filed with the County Clerk. This list shall include, whenever possible, the names of all streets in the City of Las Cruces, including private drives and roads within the five mile extra-territorial planning area.
- C. A tentative file, listing names in active unfiled subdivisions shall be maintained. These names shall be removed from the file after three years if they have not been used in a filed subdivision being considered by the City Planning Commission.

## III. NEW NAMES PROPOSED

Proposed street names for new subdivisions are usually submitted in writing from the consulting engineers. If these names are submitted by telephone, it is required that the engineer give the spelling proposed. After the proposed names are checked (see V) the approved names are relayed to the engineer, usually by telephone or letter. The approved names are then entered in the Tentative Street Name File.

## IV. GENERAL GUIDELINES

- A. A street shall be defined as a dedicated, public right-of-way for vehicular and pedestrian traffic.
- B. Unless very unusual circumstances warrant, no alley shall be assigned a street name.
- C. If a street is divided by a man-made obstacle, such as a school, church, interstate highway, shopping center, park, etc., and in all probability, it will never be extended through the barrier, the continuation of the street across the barrier should be considered a separate street and have a different name.
- D. If an existing street is or will be continued through a city park, the name of the street shall be continued also.
- E. If a street is off-set by more than 125 feet, it will be considered a separate street and shall require a different name.

- F. If a street is divided for more than one block by a natural barrier, arroyo, or topographical characteristic, it will be considered a separate street and require a different name.
  - G. If a street is divided for more than one block by vacant land with potential to be developed, the street name should be continued to allow for uniform connection.
  - H. If a street is divided by a railroad but there is a crossing within five blocks in both directions, the street name should be continued.
  - I. If a street changes direction at an angle of more than 45 degrees, it will be considered a separate street and shall be given a different name.
  - J. Frontage Roads.
    - 1. Definition: A local street which is parallel to and adjacent to another street, normally a highway or freeway.
    - 2. Each frontage road shall have the same name continuously throughout its length.
- V. CHECKING PROCEDURES FOR PROPOSED NEW NAMES
- A. General Procedure
 

Proposed new names shall be checked against the Master Street Name List and Tentative Street Name File. The proposed new name must not conflict in any way with any name in the previously mentioned lists.
  - B. Conflicts
    - 1. Direct Duplication: A proposed new name must not directly duplicate any known name in the City of Las Cruces or extra-territorial area.
    - 2. Phonetic Duplication: Proposed names must be checked for any possible phonetic duplications.  
EXAMPLES: Bird and Byrde or Wendale and Wendell.
    - 3. Closeness in Spelling: Proposed names must not conflict with existing names by nature of closeness in spelling.  
EXAMPLE: Locus and Locust.
    - 4. Length of Word: The proposed street name shall not exceed 13 letters (or spaces) unabbreviated.
    - 5. Type of Word: The proposed name, whether Spanish or English, shall be checked with any available source to determine if the name according to local usage, is a proper, respectable word. Obscene, comical, or questionable names will not be used.  
EXAMPLES: Trollope, Lollipop, Grumpy, Manteca, (lard), Hog, etc.

6. Pronunciation: The name should be reasonably uncomplicated and easy to pronounce.  
CONSIDER: If the name should be pronounced by someone unfamiliar with the word, would the most logical mispronunciation conflict strongly with any existing name?
7. Correct Spelling: If the name is submitted with incorrect spelling, the proper spelling should be secured from any available source and substituted. Otherwise, confusion results in misspelling.  
EXAMPLE: Colett and Collette.
8. Confusion Factors: If the proposed name does not directly duplicate any existing name, but the first or last syllable has been used many times, the name could lead to confusion.  
EXAMPLES: Roseway, Rose, Rosebud, Red Rose, Rosen Dewmont, Parkmont, Skymont, Crestmont, etc.
9. Spanish-English
  - a. Due to the bilingual character of this area, no street name should be allowed which, when translated, duplicates an existing Spanish or English name.
  - b. When Camino or Calle are used, the word Road or Street should not be used.

RESOLUTION NO. 80-338  
A RESOLUTION APPROVING THE  
STREET NAME CHANGE POLICY

The City Commission is informed that:

In the past, the City Commission and City Staff have had to deal with confusing cases of street name changes.

The City Staff does not have an established policy concerning street name changes with which to follow.

The City Commission recognizes the need to establish a policy addressing the problem of street name changes.

The Planning and Zoning Commission at its regular meeting of April 22, 1980, recommended approval of this street name change policy.

NOW THEREFORE, the City Commission of the City of Las Cruces, New Mexico, determines, resolves and orders as follows:

(1)

THAT in accordance with the recommendations of the Planning and Zoning Commission that the guidelines for the naming of streets and the issuing of addresses are hereby adopted.

(2)

THAT City Staff and officials are authorized and directed to execute appropriate documentation, and to do all acts and deeds necessary in the accomplishment of the hereinabove.

DONE AND APPROVED this 19th day of May, 1980.

## CHANGES OF STREET NAMES

PETITION

The person initiating a street name change shall present to the City Planning Department a petition with signatures of 75% of the persons who own property which fronts on or is adjacent to the subject street. The petition shall be based on one signature requirement per parcel of property. The petition must be dated and have a current mailing address of all petitioners.

FEE

A fee of \$250.00 will be charged at the time of submission of petition for a street name change. If it is determined, upon verification of ownership, that the petition does not have a sufficient number of signatures to meet the requirements, then the City Planning Department will notify the representative of the petitioners by registered mail. The representative will be given ten (10) days from receipt of the registered letter to acquire the sufficient number of signatures. If the required percentage of signatures is not presented, then the petition will be voided.

PUBLIC NOTICE

A public hearing shall be required by both the Planning and Zoning Commission and City Commission. The petitioners shall be responsible for notification in a newspaper of general circulation in the City of Las Cruces, and shall provide proof of publication to the Planning Department. Included in the publication shall be a list of the petitioners, the existing and proposed street name and general description. Notice must be published fifteen (15) days prior to consideration by both the Planning and Zoning Commission and the City Commission.

City Planning staff will send letters of notification to all property owners fronting on or adjacent to the subject street name change. Landowners shall be responsible for notification of tenants of the pending action, and shall provide the City Planning Department with a list of current tenants and addresses.

Upon final approval of the street name change by the City Commission, the City Planning staff shall send notice of the change to:

1. All property owners and tenants fronting on or adjacent to the subject name street,
2. Pertinent governmental agencies, and
3. Local utility companies.

#### RECONSIDERATION AND SUBSEQUENT CHANGES

Subsequent proposals to change the name of streets will not be permitted for one (1) year from the date of acceptance or denial by the City Commission.

#### PROTEST

Qualified protests shall include any property fronting on or adjacent to the subject street, as reflected on the most current tax rolls of the Dona Ana County Assessor. The protest will be based on one (1) vote per parcel of property.

#### CITY INITIATED STREET NAME CHANGE

If just cause can be shown to the Director of the Planning Department that a street name change would benefit the City from a public safety aspect, then he may waive the petition process and initiate the street name change.

The Planning Department shall have the responsibility of notifying by registered mail all property owners who front on or are adjacent

to the subject street and shall be responsible for public notification in a newspaper of general circulation in the City of Las Cruces prior to the required public hearings, (see public notice on page 1.)

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

Please (A) sign this petition indicating that you support: 1) naming Tashiro Rd after Jim Bradley and 2) naming the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez, AND (B) give this petition to family and friends to complete and pass it on! Thank you!

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

Please (A) sign this petition indicating that you support: 1) naming Tashiro Rd after Jim Bradley and 2) naming the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez, AND (B) give this petition to family and friends to complete and pass it on! Thank you!

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

Please (A) sign this petition indicating that you support: 1) naming Tashiro Rd after Jim Bradley and 2) naming the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez, AND (B) give this petition to family and friends to complete and pass it on! Thank you!

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

Please (A) sign this petition indicating that you support: 1) naming Tashiro Rd after Jim Bradley and 2) naming the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez, AND (B) give this petition to family and friends to complete and pass it on! Thank you!

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

Please (A) sign this petition indicating that you support: 1) naming Tashiro Rd after Jim Bradley and 2) naming the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez, AND (B) give this petition to family and friends to complete and pass it on! Thank you!

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

Please (A) sign this petition indicating that you support: 1) naming Tashiro Rd after Jim Bradley and 2) naming the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez, AND (B) give this petition to family and friends to complete and pass it on! Thank you!

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

Please (A) sign this petition indicating that you support: 1) naming Tashiro Rd after Jim Bradley and 2) naming the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez, AND (B) give this petition to family and friends to complete and pass it on! Thank you!

## Petition To Name Tashiro Rd after Jim Bradley and the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez

The future educational and athletic opportunities and dreams for the students and community of Las Cruces were defined and enhanced by the visions of two distinguished Las Cruceans - Jim Bradley and Rudy Camunez. Their loyalty to our kids, schools, and the community have truly made life-changing and life-long differences. Their commitment and hard work toward a better Quality of Life for all Las Cruceans and increased opportunities for ALL KIDS in Las Cruces is their legacy.

The accomplishments and high achievements of these Las Cruces legends truly demonstrate the respect and justification we have to honor and recognize them by naming Tashiro Rd after Coach Bradley and naming the Wall of Champions inside the Field of Dreams Football Complex after Coach Rudy Camunez.

Rudy Camunez and Jim Bradley were celebrated citizens from Las Cruces who made outstanding contributions at the school district, city, county, and state levels.

Please (A) sign this petition indicating that you support: 1) naming Tashiro Rd after Jim Bradley and 2) naming the Wall of Champions at the Field of Dreams Football Complex after Rudy Camunez, AND (B) give this petition to family and friends to complete and pass it on! Thank you!

**I. CALL TO ORDER (6:02 p.m.)**

Clifton: Good evening fellow Commissioners, members of the public. Welcome to the June 28th, 2016 Planning and Zoning Commission. I'd like to go ahead and introduce our Commissioners here this evening with us. On the far right is Commissioner Hedrick; our newest addition Commissioner LaVonne Muniz, District 2 I believe, Councilor Smith's district?

Muniz: District 2.

Clifton: Thank you. Commissioner Stowe, Commissioner Ferrary, Commissioner Gordon, and myself Commissioner Kirk Clifton, the Chair of the Planning and Zoning Commission.

**II. CONFLICT OF INTEREST**

*At the opening of each meeting, the chairperson shall ask if any member on the Commission or City staff has any known conflict of interest with any item on the agenda.*

1 Clifton: At this time I'll go ahead and ask the Commissioners if there's a conflict of  
2 interest from anyone on the Commission or Community Development that  
3 they feel has a conflict of interest on any of the items on the agenda  
4 presented this evening. Seeing none.  
5

6 **III. APPROVAL OF MINUTES**  
7

8 1. May 24, 2016 - Regular Meeting  
9

10 Clifton: We'll move on to Approval of Minutes. Has everybody had a opportunity  
11 to review the May 24th regular meeting minutes? Okay. Thank you. Let  
12 me get a motion to approve and second, then we can address the  
13 comments.  
14

15 Gordon: I make a motion.  
16

17 Clifton: So moved.  
18

19 Ferrary: I'll, excuse me, I'll second.  
20

21 Clifton: Okay. A motion and a second. Does any Commissioner have comments  
22 or corrections regarding the minutes? Seeing none, we'll go ahead and  
23 call a vote. Commissioner Hedrick.  
24

25 Hedrick: Here.  
26

27 Clifton: Motion to approve the minutes.  
28

29 Hedrick: Aye, yes.  
30

31 Clifton: Commissioner Muniz.  
32

33 Muniz: Approve.  
34

35 Clifton: Commissioner Stowe.  
36

37 Stowe: Aye.  
38

39 Clifton: Commissioner Ferrary.  
40

41 Ferrary: Aye.  
42

43 Clifton: Commissioner Gordon.  
44

45 Gordon: Aye.  
46

1 Clifton: Chair abstains as I was not present at the meeting.

2  
3 MOTION PASSES.

4  
5 Clifton: Okay. Meeting minutes are approved.

6  
7 **IV. POSTPONEMENTS**

8  
9 Clifton: With that said, we have no postponements or withdrawals on tonight's  
10 agenda.

11  
12 **V. WITHDRAWALS - None**

13  
14 **VI. CONSENT AGENDA**

15  
16 1. **Case 66504:** An Infill Development Process (IDP) application of Underwood  
17 Engineering, Inc. on behalf of E.E. Harrison, D.L. Harrison & Janet  
18 Dahlstrom, property owners, for two properties encompassing a total of 0.97  
19 +/- acres, zoned C-2 (Commercial Medium Intensity) and R-2 (Multi-Dwelling  
20 Low Density) and located at the southeast corner Solano Drive and Colorado  
21 Avenue; a.k.a. 805 S. Solano Drive; Parcel ID #02-10336 & 02-10377. The  
22 applicants are seeking multiple variances to redevelop the vacant, non-  
23 conforming commercial property into a new commercial business. Council  
24 District 3 (Councilor Pedroza).

25  
26 2. **Case 66895:** An Infill Development Process (IDP) application by Steven  
27 Sandoval on behalf of Jose Mendoza and Martha Dominguez, property  
28 owners, for a proposed replat of a property located at 909 Espanola St. and  
29 zoned R-1a (Single-Family Medium Density). The IDP proposes variances  
30 from multiple development standards in order to subdivide the property. The  
31 0.25 +/- acre property is located north of Nevada Ave., 330 +/- feet east of its  
32 intersection with Solano Dr; Parcel ID # 02-10478. Proposed use: Two  
33 single-family residential lots. Council District 3 (Councilor Pedroza).

34  
35 Clifton: Moving right along, Consent Agenda. We have two items: Item Number,  
36 Case 66504, an IDP, Infill Development Process application of Underwood  
37 Engineering, Inc. on behalf of E.E. Harrison, D.L. Harrison & Janet  
38 Dahlstrom, property owners; and then Case 66895, another Infill  
39 Development case application by Steven Sandoval on behalf of Jose  
40 Mendoza and Martha Dominguez, property owners. Are there any  
41 Members of the Commission that would like to remove these from the  
42 Consent Agenda? Seeing none, are there any members of the public that  
43 would like to have these further discussed? Seeing none, can I have a  
44 motion to approve the Consent Agenda?

45

1 Gordon: I make a motion that we approve the Consent Agenda for Cases Number  
2 66504 and 66895.

3  
4 Ferrary: I'll second that.

5  
6 Clifton: We have a motion and a second. All in favor.

7  
8 MOTION PASSES UNANIMOUSLY.

9  
10 Clifton: Motion approved unanimously.

11  
12 **VII. OLD BUSINESS - None**

13  
14 **VIII. NEW BUSINESS**

15  
16 1. **Case 66370W:** Application of Moy Surveying Inc. on behalf of Steve Miller,  
17 property owner, to waive 100% of the road improvement requirements for  
18 Aldrich Road and Wilt Avenue. The proposed waiver is associated with  
19 improvements required for a proposed alternate summary subdivision known  
20 as East Miller Tracts Subdivision on a 4.294 +/- acre tract located on the  
21 northwest corner of Aldrich Road and Wilt Avenue; 6501 Aldrich Road; Parcel  
22 ID# 02-19098. Proposed Use: Two (2) new rural single-family residential  
23 lots. Council District 6 (Councilor Levatino).

24  
25 Clifton: Okay. Moving right along, New Business. Before we begin, just to set the  
26 ground rules for the public if there is discussion what will occur is staff will  
27 give a presentation, the applicant will follow up with their presentation,  
28 then members from the public may speak for three minutes, no more than  
29 three minutes regarding the case and their particular comments. The first  
30 case under New Business, Case 66370W: Application of Moy Surveying  
31 Inc. on behalf of Steve Miller, property owner, to waive 100% of the road  
32 improvement requirements for Aldrich Road and Wilt Avenue. The  
33 proposed waiver is associated with improvements required for a proposed  
34 alternate summary subdivision known as East Miller Tracts Subdivision on  
35 a 4.294 +/- acre tract located on the northwest corner of Aldrich Road and  
36 Wilt Avenue; 6501 Aldrich Road; Parcel ID# 02-19098. The proposed use  
37 for the property are two new rural single-family residential lots, and this is  
38 within Council District 5, Councilor Levatino's Council District. Thank you  
39 staff. Adam.

40  
41 Ochoa: Thank you sir. Just a correction on that, my apologies. It's a, it is actually  
42 District 6, Councilor Levatino's, so that minor correction on that. The first  
43 case we have tonight is Case 66370W. Is it a, it is a request, it's a waiver  
44 request for a proposed subdivision known as the East Miller Tract  
45 Subdivision for a property located at 6501 Aldrich Avenue.

1 Subject property shown here, call that as the subject property. As  
2 you can see here located generally south of US-70, Bataan Memorial  
3 East, essentially this large rectangular property here south, located south  
4 of Jefferson Lane, west of Wilt Avenue, and north of Aldrich Road.  
5 Subject property encompasses 4.294 acres and currently it consists of an  
6 existing single-family residence and accessory structures. Subject  
7 property is zoned REM, single-family residential estate mobile, and as I  
8 stated before it fronts Aldrich Road which is currently a 26, roughly about  
9 a 26-foot-wide paved roadway, Wilt Avenue was, my apologies, and to  
10 add to that Aldrich Road is the designated local roadway, following the  
11 City standards for a 50-foot roadway. Wilt Avenue is a designated  
12 collector roadway, currently is a total of 20 feet in width of, of a paved  
13 roadway, and Jefferson Lane, another local roadway which is currently  
14 fully improved and dedicated right-of-way. This subject property that we're  
15 looking at has never previously been subdivided at all.

16 Showing the aerial here, the home and accessory structures  
17 located to the south on the property, majority of the northern property,  
18 everything else is, is, is vacant along Jefferson Lane.

19 Here are a couple pictures of the adjacent roadways that we will be  
20 talking about tonight for the proposed waiver. Aldrich Road shown here to  
21 the left, on the left side of the screen and Wilt Avenue here on the right-  
22 hand side. Again Aldrich Road, a local roadway which is currently 26 feet  
23 wide, Wilt Avenue which is a collector roadway currently only 20 feet wide  
24 of pavement.

25 So essentially the applicant is proposing to subdivide the existing  
26 tract into two new residential lots. One lot encompassing 1.965 acres will  
27 be the vacant portion to, on the north end; Lot 2 encompassing 1.964  
28 acres will be the southern portion which, where the existing dwelling is.

29 Under our current City of Las Cruces Design Standards of the  
30 Section 32-36 states that the subdivider is responsible for all necessary  
31 dedication and, improve, dedication and improvements to all adjacent  
32 roadways to a subdivision, stating that the applicant is required to provide  
33 the dedication and improvements for half of a street section for a collector  
34 roadway which, which what Wilt Avenue is which is about 42 and a half  
35 feet which includes curb, gutter, and sidewalks. The applicant is also  
36 required to provide a full street section or 50 feet wide of a local roadway  
37 for Aldrich Road which is what it's designated. No additional road  
38 improvements or dedications are required for Jefferson Lane to the north  
39 of the property.

40 The applicant is proposing to actually dedicate all the required  
41 adjacent right-of-way that is required but is proposing to provide no  
42 roadway improvements. That's what the waiver is for essentially. The  
43 applicant has stated that his waiver is justified based on the fact that the  
44 two lots will not be utilizing Wilt Avenue for access. Each lot will be either  
45 accessing Jefferson Lane to the north or Aldrich Road to the south,  
46 basically saying that that's why road improvements are not required for

1 Wilt Avenue at this time. The applicant has also stated that the required  
2 road, roadway improvements are not warranted for simple subdivision of a  
3 large single-family residential tract into two still relatively large single-  
4 family residential lots. Subdivider believe, I'm sorry the, the applicant  
5 believes that the subdivision and the additional traffic of one additional  
6 single-family lot in the area will not negatively affect the traffic of the  
7 surrounding area and warrant the required roadway improvements.

8 Here is a, my apologies for my blurry example of what that  
9 subdivision would look like with the two lots, one to the north, one to the  
10 south here. And here is a quick little kind of a depiction of what it is that  
11 we're requesting. Again, Jefferson to the north in the orange, no  
12 additional improve, improvements are required. Wilt Avenue to the east  
13 here for a 588 feet long, that subdivision is required to be a 42 and a half  
14 foot wide street segment made up of pavement, curb, gutter, and  
15 sidewalk. And the southern portion here which is Aldrich Road, roughly  
16 about 263 feet in length is, would be a required 50-foot roadway meeting  
17 the standards of a, a local roadway, a rural local roadway. Here are the  
18 examples of the roadways that would have to be provided. As I said this  
19 is what the minor local would have to look like for Aldrich Road and a  
20 collector roadway, half of this would have to be built for Wilt Avenue  
21 essentially.

22 When staff took a look at this we basically look at it from the  
23 hardship standpoint, the hardships expressed and we believe that the  
24 hardships expressed, excuse me, by the applicant do not demonstrate a  
25 substantial hardship as outlined in Section 6, Article 37-33.2 of the  
26 Subdivision Code. It basically states a hardship must be due to some type  
27 of exceptional topographic, soil, or other surface or subsurface conditions  
28 which would essentially make the construction of roadways impossible for  
29 the proposed subdivision. Since the applicant has not demonstrated that,  
30 we believe they do not provide the required definition of a hardship to  
31 allow the waiver request. Staff did send this out for review to all reviewing  
32 parties and did send out all the required public in, noted, notification to  
33 adjacent property owners. Staff received no public input for the proposed  
34 waiver request.

35 On June 1st, 2016 the DRC did meet to review the proposed waiver  
36 request. And the DRC is a reviewing body which reviews subdivision from  
37 an infrastructure, improvements, and utilities standpoint. After some minor  
38 discussion at the DRC meeting, DRC did recommend denial for the  
39 proposed waiver request.

40 With that ladies and gentlemen based on the City of Las Cruces  
41 Subdivision Ordinance, City of Las Cruces Design Standards, and the  
42 unfavorable recommendation made by the Development Review  
43 Committee, Design Review Committee, pardon me, staff recommends  
44 denial of the waiver request based on the findings found within your staff  
45 report. Planning and Zoning Commission is a recommending body to City  
46 Council for waivers where they will have final action on all waiver

1 requests. Here are those four findings that are found in your staff report  
2 and these findings again are for denial. With that your options tonight is:  
3 1) to vote "yes" and recommend approval of the waiver request to City  
4 Council; 2) to vote "yes" and recommend approval of the waiver request  
5 with conditions deemed appropriate by the Planning and Zoning  
6 Commission; 3) to vote "no" and recommend denial of the waiver request  
7 as recommended by staff; and, or 4) table and postpone and direct staff  
8 and the applicant accordingly. The applicant's representative and the  
9 applicant are here if you have any questions for them and I stand for  
10 questions.

11  
12 Clifton: Thank you Adam. As a matter of you know kind of making these meetings  
13 a little more efficient what I'd like to start doing and kind of go back to the  
14 way we used to do things is let's, if we could hold the Commissioners'  
15 questions and comments until after the applicant presents, that way it, it's  
16 a little more cohesive in the way we approach it from the Commission  
17 level, that'd probably be a little more appropriate and it seemed to work in  
18 the past quite well. So with that said, does the representative have an,  
19 presentation for the Commission?

20  
21 Ochoa: Speak into the mic and wait to be sworn in.

22  
23 Clifton: Good evening Mr. Magallanez. Could you state your name and address  
24 for the record.

25  
26 Magallanez: Certainly. My name is Henry Magallanez. I'm with Moy Surveying.

27  
28 Clifton: Do you swear to affirm that the testimony you are about to give is the truth  
29 and nothing but the truth under penalty of law?

30  
31 Magallanez: I will.

32  
33 Clifton: Thank you. Sir, your name and address for the record.

34  
35 Miller: Chad Miller, 6501 Aldrich.

36  
37 Clifton: Do you swear or affirm that the testimony you are about to give us is the  
38 truth and nothing but the truth under penalty of law?

39  
40 Miller: Yes sir.

41  
42 Clifton: Thank you.

43  
44 Magallanez: Good morning, I mean good afternoon Members of the Commission. My  
45 name is Henry Magallanez and we have been contracted to do the  
46 subdivision on this lot. This lot again is bordered by Jefferson, Aldrich,

1 and Wilt. All these roads are paved, as Adam had mentioned. There is  
2 an axis apron on Jefferson as well as on Aldrich. Aldrich doesn't have any  
3 curbs and gutters at all from Porter Street all the way to the end and then  
4 Wilt has been designated as a collector and so they're requesting 85 feet  
5 of roadway. This four parties involved in this here, on the northeast  
6 quarter, corner of Wilt the people have dedicated the road needed for their  
7 portion of right-of-way but they did get a variance on road improvements.  
8 The bottom two, it's an easement so there's no, been no dedication. The  
9 split may have been done years ago without having to do any dedications  
10 or anything like that because it's only still 25-foot road easement on there.

11 Again my client is requesting, or giving up the dedicated right-of-  
12 way that is being requested. It's 17 feet on the, on Wilt Street and the,  
13 making sure that there's 25 feet or 50 foot for Wilt Avenue. The client of  
14 mine is, he inherited this property from his dad. His dad got this piece of  
15 property in 1999 which was after the ETZ on there, when it was  
16 developed. They have kept it for 16, 17 years and my client has inherited,  
17 inherited it and what he proposes to do would be split of the property in  
18 half for he can give each child that he has eventually a piece of the  
19 property. The, right now he has horses on the property and it's a single-  
20 family dwelling. The house when he will sell the property or the, I mean  
21 build a home on that, it'll probably be a while still you know but he does  
22 want to get his matters into where each, each kid will receive a piece of  
23 property that he has inherited. At this point I'd like to turn it over to my  
24 client and see if he has any, if you all have any questions where he may  
25 expound on this matter a little bit. But all we're asking for is the waiver to  
26 the improvements.

27  
28 Miller: I don't really have much to expand on. I was set up well from my father by  
29 getting the property inherited from him and I'd like to do the same for my  
30 kids so.

31  
32 Clifton: Okay. Thank you very much. All right. We'll go ahead and open it up for  
33 Commission discussion and questions. Commissioners.

34  
35 Ferrary: Yes. I'd like to know, oh, will you recognize me?

36  
37 Clifton: Commissioner Ferrary.

38  
39 Ferrary: I'd like to know the guesstimate of the cost for each section, like for Wilt  
40 and for Aldrich. Thank you.

41  
42 Magallanez: Adam do you have that ...

43  
44 Baum: You have to speak right into the microphone.

45  
46 Magallanez: I'm sorry. (*inaudible*)

- 1  
2 Baum: It's still not picking up.  
3  
4 Ochoa: Mr. Chairman, Commissioner Ferrary. Staff did a quick quasi-calculation  
5 which, what our Public Works Department uses for doing this. Total cost  
6 for it you, you're looking at I believe, well part of be, because their  
7 calculations are based off just a local roadway but you're looking at  
8 anywhere between about \$50,000 to about \$80,000 for those two  
9 roadways.  
10  
11 Ferrary: And do you know who paid for the development of Jefferson?  
12  
13 Ochoa: Mr., Mr. Chairman, Commissioner Ferrary. That was a build-out by the  
14 City of Las Cruces. City of Las Cruces actually paid for the build-out of  
15 Jefferson Lane through federal grants I believe. And that was done  
16 actually not too long ago it was, it was actually done.  
17  
18 Ferrary: Okay.  
19  
20 Clifton: Thank you. Commissioner Hedrick.  
21  
22 Hedrick: Yeah. I have a, a question for the applicant. You don't want to pay for the  
23 improvements as I understand it. At some future point in the, a time when  
24 the property is prime for full development somebody's going to have to  
25 develop that road. Who, who do you think should pay for those  
26 improvements?  
27  
28 Miller: When, when we initially moved out there we moved out there to kind of get  
29 away from the city and, and, and have, we have BLM across the street  
30 from us which was, has been annexed by the City but the, the roadways  
31 are sufficient for the traffic that, that comes through there. I mean I hope  
32 at some point it's not fully developed into something that, that has houses  
33 all crammed on top of each other. I'd like to see it stay the way it, way it  
34 is.  
35  
36 Hedrick: You really haven't addressed the question. I, this is in, within the City of  
37 Las Cruces. The Development Standards require a paved road. That  
38 standard's probably is never going to go, go away. So who should pay for  
39 those improvements is the question.  
40  
41 Magallanez: Member of Commission. The road is paved. It, the, what we don't have is  
42 the curb and gutter for Wilt Avenue and Jefferson like I said is fully  
43 improved. And Wilt Avenue which is, borders my client and then it borders  
44 the State of New Mexico and then, so they're asking the full improvement  
45 of that roadway. The roadway is paved. I mean there's no question about  
46 there's being paved on there. Again what they're asking for is the curb

1 and gutter for that type of improvement. So I mean I feel that the, the City  
2 with their tax money should be able to pay for it. You know if they sell the  
3 property or doing stuff like that, it increases the tax base a little bit. I'm not  
4 saying that's going to be enough for that roadway but if they get a grant for  
5 like they did on Jefferson that's great. But the reality of improving Wilt  
6 Street, it's going to be 25 years, 30 years. You know it's not going to be  
7 tomorrow. It's not going to be the day after tomorrow. It's not going to be  
8 in a, in a year, okay. The, but so the time that it happens before any type  
9 of improvement goes on there, it's going to be 20, 30 years from now. It's  
10 not going to be tomorrow like I said. The Wilt Avenue, again the two  
11 properties down on the southeast corner, they've been, it's, it's an  
12 easement only. You have to acquire that land. If they don't develop it  
13 then the City is required to go out there and get, get that land when they  
14 go out there and, let's say for example they get money so they want to  
15 improve it and stuff like this here, they're going to have to go get monies to  
16 pay for that process of land. You already have, our client and the client on  
17 the northeast corner already give you the right-of-way. They already gave  
18 you the right-of-way for Wilt and, but the, you're, you're not going to get  
19 the right-of-way from the other two lots and they already the, divided.  
20 Unless when the City goes out there and says, "I'm going to take this land  
21 here cause I need it to improve it so I'm going to have to buy it from you."  
22 So the City's going to have to buy that portion if they don't divide it. And  
23 the only way they're going to get the land is if they wind up dividing these  
24 lots and these lots are already small so that's not going to happen. At  
25 least from my opinion.

26  
27 PERSON IN THE AUDIENCE SPEAKING, NOT AT THE MICROPHONE.

28  
29 Clifton: Ma'am please. Okay Commissioners, any additional questions?  
30 Commissioner, please.

31  
32 Gordon: Mr. Miller do you currently live on the property?

33  
34 Miller: Yes sir I do.

35  
36 Gordon: Okay. And will you continue to remain there and, or until your, I don't  
37 know you, you're talking about giving the property to your sons, plural. I

38 ...

39  
40 Miller: Son and daughter. Yes.

41  
42 Gordon: All right. So right now there will, there will be two lots. Will you remain on  
43 one of them and the other lot is going to go to your son or your daughter?

44  
45 Miller: Correct.

46

1 Gordon: And then what will happen if, if let's say for example your son gets it and  
2 then your daughter would like to have a lot, you going to move off?  
3  
4 Miller: It, it just depends. I mean my, they could move away, they could ...  
5  
6 Gordon: I understand.  
7  
8 Miller: Go to school, do their thing, I would ...  
9  
10 Gordon: But, but this is going to stay in the family.  
11  
12 Miller: Yes. That, that's the, the sole point of ...  
13  
14 Gordon: Okay.  
15  
16 Miller: The entire thing.  
17  
18 Gordon: And when, when this land was originally purchased by your father I  
19 assume that, I understand that it was part of the County.  
20  
21 Miller: I believe so.  
22  
23 Gordon: Right. I've been out there and I've looked at the property and I've looked  
24 at the surrounding area and I mean there is just nothing out there. I mean  
25 it's just a lot of double-wides and I don't even remember seeing any  
26 homes, any structures. And I sort of happen to agree with what you would  
27 like to do. You, so you have no intent in the future to, to sell this then to,  
28 to another person, to an outsider?  
29  
30 Miller: Not at all.  
31  
32 Gordon: You want to keep this in the family.  
33  
34 Miller: Correct.  
35  
36 Gordon: And how old are your children, how many years will it be before you think  
37 they would be able to take this piece of property?  
38  
39 Miller: Fifteen years or so.  
40  
41 Gordon: All right. So they're youngsters.  
42  
43 Miller: Yes.  
44  
45 Gordon: Okay. Well thank you.  
46

- 1 Miller: Thank you.  
2
- 3 Clifton: Commissioner Ferrary.  
4
- 5 Ferrary: I have a concern that there isn't an urgency right now either to subdivide if  
6 this is something that your children are going to inherit. So taking care of  
7 this now, I don't see the impetus for that.  
8
- 9 Miller: My primary reason of doing it now, I lost both my parents very young so I'd  
10 like to do, get my affairs in line before anything happens, so.  
11
- 12 Ferrary: So most likely you are not really going to subdivide it now, you would just  
13 have that available for them.  
14
- 15 Miller: Correct.  
16
- 17 Ferrary: Okay.  
18
- 19 Miller: Have the, the wills done and all that. Yes.  
20
- 21 Ferrary: Okay. Thanks.  
22
- 23 Clifton: Yeah I, Members of the Commission I don't know that it's really our  
24 purview to discuss the state planning with the applicant. They simply want  
25 to try to subdivide the land with a waiver request to not do road  
26 improvements. Henry I do have a quick question for you.  
27
- 28 Magallanez: Yes.  
29
- 30 Clifton: How many acres of land are you dedicating to the City for future roadway  
31 expansion?  
32
- 33 Magallanez: It, it's almost like half an acre I believe, if I remember correctly. It's 17 feet  
34 on the Wilt side and then on the, the, I would have to get my drawing.  
35 Then we're at, they're giving an (*mic cut out*) 17 feet by 700 feet so it's  
36 about like a half an acre or so.  
37
- 38 Clifton: Okay. So are, are you being compensated by the City for that right-of-way  
39 dedication?  
40
- 41 Miller: No.  
42
- 43 Clifton: And do you have an approximate valuation on that right-of-way dedication  
44 even based on the County Assessor's valuation of vacant land in that  
45 area?  
46

- 1 Magallanez: We, we did not consider the valuation. We, we could look at the valuation  
2 what the property is in now. What is the price of your acreage?  
3
- 4 Miller: I know on Jefferson ... *(inaudible)*  
5
- 6 Clifton: Please speak into the microphone. Thank you.  
7
- 8 Magallanez: On Jefferson this ...  
9
- 10 Miller: They paid like \$5,000 for that 300-foot *(inaudible)* ...  
11
- 12 Baum: Please get on the microphone.  
13
- 14 Magallanez: Okay. I'll let Mr. Miller.  
15
- 16 Clifton: Thank you.  
17
- 18 Miller: When they did the Jefferson improvement they paid us a, just a rough  
19 estimate of \$5,000 for that easement. So if you double that going from  
20 300 feet to 700 feet you'd be looking about \$10,000 in the property value  
21 that we'd be giving up.  
22
- 23 Clifton: Okay. Thank you. I mean it, it is understood that it's part of the  
24 subdivision process there are required right-of-way dedications but it  
25 should be noted for the record that you're not receiving compensation for  
26 those dedications and you are seeking a 100% waiver. And it's actually  
27 not necessarily a 100% waiver as written. It's more of a partial waiver.  
28 Would that be correct Adam, since there is existing pavement? It's not like  
29 we easily see where it's just a vacant, dirt road, no infrastructure  
30 whatsoever.  
31
- 32 Ochoa: Mr. Chairman. I, I, I, guess you're, you are correct when it comes to that.  
33 The, the biggest reason we'd still call it a 100% waiver is because they are  
34 providing no road improvements, that essentially why we caught, but you  
35 are correct there is an existing roadway, paved roadway now there.  
36
- 37 Clifton: And at the DRC level was it discussed that there is a, I don't want to say  
38 tradeoff but there is, because of roadway dedications, you know the roads  
39 are currently improved to a standard, not the City standard but to a  
40 standard that that was an acceptable trade. I mean was there any  
41 acknowledgment that, "Yeah, we're getting right-of-way out of this. We  
42 know there's pavement. At a later date this could be further subdivided."  
43
- 44 Ochoa: Mr. Chairman. That was not discussed essentially because the Code flat-  
45 out says the, whoever's subdividing, any subdivider, the Code does not  
46 differentiate between somebody splitting one tract into two or somebody

1 doing a 500-lot subdivision. A subdivider is responsible for providing all  
2 roadway, adjacent roadway improvements and dedication requirements.  
3 So based off of that, that is how staff looks at, it's by the book if you will  
4 sir.

5  
6 Clifton: Okay. Thank you.

7  
8 Magallanez: Mr. Chairman. If I may, may make a note on that. Through my  
9 experience with waivers and the DRC and stuff like that, they  
10 automatically deny. They take the application and they say, "No. The  
11 Code says that you have to pay, pave the road. Code says that you have  
12 to give the dedication." And they deny the waiver application. It's just a  
13 automatic denial. I mean they do not discuss it. They do not, they do not  
14 make, say, "Oh yea, this is fine." They just deny it and they bring it up to  
15 the Board here and then it's up to you guys to make a determination if it  
16 gets approved or not. The, so, you know, I mean would I like to see that  
17 change? Sure. You know and in other words each individual engineering  
18 or department says, "I think this has merit." But all of 'em from the County  
19 staff, everybody says automatically, "No."  
20

21 Clifton: And I, I think we understand it's part of the Code but I also know that in the  
22 past that they have looked at existing improvements and determined, "If  
23 you were to improve this road what would it take?" As an example would  
24 it just, curb and gutter be adequate, would that bring it into compliance?  
25 And I know in some areas of the city they've done that and maybe this is  
26 just so far out of compliance that it doesn't matter what asphalt's on the  
27 ground but I know that you know that staff has looked at that variation in  
28 the past where it's what I called a partial waiver. So just, just as a point  
29 that of, I wanted to bring up to the, to you and to the Commission.  
30

31 Magallanez: Well thank you.

32  
33 Clifton: Any additional comments by the Commission? Yes Commissioner  
34 Hedrick.

35  
36 Hedrick: Mr. Chairman, Commission. This request just seems to be a, what, what I  
37 see as a broken record and an emotional appeal for approval. I, I, I feel  
38 very uncomfortable making up the rules as, as we go along relative to you  
39 know how it meets the waivers. You know it's, it's very clear to me that  
40 there has to be some cost-sharing here just like in any other development,  
41 just like any other homebuilder, any residents pays their fair share of the  
42 costs of improvement. It's also clear to me that, that, that the lines seem  
43 to be drawn. The staff is obligated pretty much to follow the law of the  
44 Design Standards. The applicant's representative, knowing the outcome,  
45 doesn't participate in the DRC meeting, doesn't complete all the forms  
46 requested. I concur with staff that the application does not comply with

1 the City standards much less the other requirements for the waiver. I think  
2 we need to get out of the "cutting the baby in half," making political  
3 decisions and reach some kind of agreement on what the standards  
4 should be. I recommend that, that, that if the P&Z has other ideas about  
5 what the standards should be then the applicant, then, then the P&Z  
6 basically needs to initiate a text change to the subdivision regulations and  
7 draw up some, some regulations that the staff, the City Council, and, and  
8 the rest of the residents can, can, can agree upon. Thank you.  
9

10 Clifton: Thank you Commissioner. I think we all recognize there's a deficiency in  
11 the Code with, that we've been dealing with and staff's been dealing with  
12 for some time. With that said I'll go ahead and open it up to public  
13 comment. Are there any members of the public that would like to make a  
14 comment?  
15

16 Donnelly: Hi.

17

18 Clifton: Thank you ma'am. May I get your full name and your address please.  
19

20 Donnelly: Yes. My name is Linda Donnelly, D-O-N-N-E-L-L-Y. I live at 4100 Wilt.  
21

22 Clifton: Thank you. Do you swear or affirm that the testimony you are about to  
23 give is the truth and nothing but the truth under penalty of law?  
24

25 Donnelly: I do.

26

27 Clifton: Thank you.

28

29 Donnelly: The picture that you're looking at, the southeast corner is an acre and a  
30 quarter. Just to the north of that is another acre and a quarter. That is my  
31 acre and a quarter. My husband and I have been on that property for over  
32 a quarter of a century. We acquired the property in '89 and we've been  
33 there and our daughter grew up there and we too plan on leaving, well first  
34 of all we're not leaving at all. We're dying on that property. But we will be  
35 leaving it to our daughter too. She still lives here in Las Cruces and my,  
36 my, our driveway is on Wilt. No other driveway is on Wilt except the  
37 person down on the bottom right, they have a driveway on Wilt. Nobody  
38 goes on Wilt. My husband, federal officer for Homeland Security,  
39 Customs Supervisor, I'm very proud. I asked him today before he left for  
40 work and I said, "How often do you think that you actually," well I, I didn't,  
41 don't go by my word cause I stay at home cause I don't go anywhere. And  
42 I said, "How often do you come or, when you, when you're coming and  
43 going on the road do you have to go past somebody on the road?" And  
44 he said, "About once every two weeks." And I realize that's hearsay now  
45 cause my husband's not here and I sit home and watch Judge Judy so I  
46 know that's hearsay. But that road is not used. It's not used at all. Chad

1 and his wife may come that way sometimes but I'm sure most of the time  
2 they go the other way because Wilt is 25 miles an hour and Aldrich is 30  
3 miles an hour so people don't go out of their way. The UPS and the  
4 FedEx guys, they'll use Wilt to cut across the neighborhood you know for a  
5 shortcut. But we're on the very edge of the desert and we're halfway  
6 through that neighborhood. We're halfway in the neighborhood. People  
7 go out that way, some people on Aldrich will come down Aldrich but if they  
8 live much further up Aldrich they're going out Dunn because Wilt doesn't  
9 go to the highway. Dunn goes to the highway there's, where you can get  
10 on and off and if you go down to Porter you can get on and off the  
11 highway. But well, I don't know. Oh and I did want to make one more  
12 point really fast. I know my three minutes are probably up. The top half,  
13 the top half on the right-hand side, that was subdivided just two, three  
14 years ago and they indeed did have to give away part of their land. But  
15 they were waived. It's a, it's a, it's a Las Cruces Police officer. And they  
16 waived all of the improvements for him and that was just a couple years  
17 ago. I was here for him then. So now I'm here for Chad. I just have the  
18 most wonderful neighbors ever where I am. All of my neighbors all around  
19 are just wonderful, hardworking, good people which doesn't matter but it  
20 was, you can look it up but it was only a few years ago that you waived all  
21 those improvements on Wilt for that police officer. So I don't know, I'm just  
22 saying. Thank you folks.

23  
24 Clifton: Thank you ma'am. Any additional comments from the public? Seeing  
25 none, we'll now close it, open it up to additional Commission discussion  
26 then if we could have a vote please. Commissioner Ferrary.

27  
28 Ferrary: I agree that you know we've talked about redefining the hardship and  
29 making it so that improvements don't have to be made when doing a  
30 patchwork of improvements on a road as you know different homeowners  
31 are making their improvements or subdividing, and that we have asked the  
32 City Council to make these changes so that we don't have to confront this  
33 all the time. I think it's an interesting concept that we propose that  
34 ourselves as a body, as Commissioner Hedrick has suggested. So at this  
35 point I think we don't have a really good alternative than to approve the  
36 waiver.

37  
38 Clifton: Any additional comments? Seeing none, can I have a motion?

39  
40 Gordon: I'll make a motion. I move that we approve the waiver for Case Number,  
41 well I will put my glasses on, 66370W.

42  
43 Clifton: Can I have a second on the motion?

44  
45 Ferrary: I'll second it.  
46

- 1 Clifton: Seconded by Commissioner Ferrary. Okay. Commissioner Hedrick.  
 2  
 3 Hedrick: No.  
 4  
 5 Clifton: Commissioner Muniz.  
 6  
 7 Muniz: No.  
 8  
 9 Clifton: Commissioner Stowe.  
 10  
 11 Stowe: Yes based on discussions this evening.  
 12  
 13 Clifton: Commissioner Ferrary.  
 14  
 15 Ferrary: Yes based on discussion and site visit.  
 16  
 17 Clifton: Commissioner Gordon.  
 18  
 19 Gordon: I vote yes based on discussion and site visit.  
 20  
 21 Clifton: And the Chair votes yes based on the fact that they are dedicating existing  
 22 right-of-way and this you know really should be looked at at a staff level a  
 23 little more carefully and the presentation that was made by both staff and  
 24 the applicant. Thank you. Motion passes. Thank you.  
 25  
 26 MOTION PASSES.  
 27  
 28 2. **Case 66691:** A petition by adjacent property owners for a street name  
 29 change for a portion of Tashiro Dr. between N. Valley Dr. and Motel Blvd. to  
 30 the name of Jim Bradley Dr. Council District 4 (Councilor Eakman).  
 31  
 32 Clifton: Okay. Moving right along, let's go to Case 66691: A petition by adjacent  
 33 property owners for a street name change for a portion of Tashiro Drive  
 34 between North Valley Drive and Motel Boulevard to the name of Jim  
 35 Bradley Drive. This is within Councilor District 4, Councilor Eakman.  
 36 Thank you. Staff.  
 37  
 38 H-Rogers: Good evening Members of the Commission. I'm Katherine Harrison-  
 39 Rogers with the City. This is Case Number 66691. The City received a  
 40 petition by property owners on that portion of Tashiro between North  
 41 Valley Drive and North Motel Boulevard. It should be noted that the City  
 42 does own a large portion of property. However, they were not part of the  
 43 petition as we don't normally sign petitions such as these unless the City  
 44 Council actually votes "yes" to a name change. So the City excluded  
 45 themselves from that 75%. Resolution 80-338 dictates how street name  
 46 changes occur within the city. Ultimately there are a couple of ways but in

1 this case we require 75% of adjacent landowners to sign a petition  
2 requesting said name change. The P&Z of course listens to said  
3 arguments and makes a recommendation to City Council and City Council  
4 will make the final decision.

5 A little history about the road of Tashiro: It was purchased in 1972  
6 by the Tashiro family for access to the Tashiro family farm. They owned  
7 several tracts in that area, a portion of Legends, which now, Legends  
8 West subdivision as well as the Field of Dreams area. This area over time  
9 was annexed and of course developed and you know that the subdivision  
10 of Legends West and a couple of others are out there, and the Field of  
11 Dreams. It's currently a City right-of-way. It is improved, however actually  
12 not to City standard. It could be improved a little bit more but it is  
13 functioning.

14 The Las Cruces Public School District was actually the landowner  
15 in the area that initiated the petition, got all of the other signatories to sign  
16 to change the name to Jim Bradley in order to honor the coach. He of  
17 course was a successful regional coach. There's a synopsis of his  
18 accomplishments that was included in your packet. They've also  
19 requested, and this is not in our purview tonight but it's just additional  
20 information to rename that sports complex to Rudy Camunez who was  
21 also a, a local coach.

22 Resolution 80-337 is also used in terms of naming streets and so  
23 we looked to that to determine whether or not this street name change  
24 was appropriate. Ultimately the name itself is a policy decision. Staff's  
25 pretty neutral on that. However we do want to make sure that it's  
26 consistent with the resolution. In this case, this right-of-way, this segment  
27 of Tashiro isn't barricaded or offset from the remainder of Tashiro and so  
28 in order to be consistent with said policy staff is recommending that the  
29 entire length of Tashiro all the way from North Valley to Roadrunner Lane  
30 be named one consistent name whether it be Tashiro or Jim Bradley or  
31 some other name. It should be noted that that particular segment has no  
32 axe, no, none of the lots have direct access from Tashiro. They're all  
33 accessed off of other side streets and so there are no addresses that  
34 would be affected by extending that name change to the rest of Tashiro.  
35 Furthermore having consistent street names is actually easier in terms of  
36 emergency response and any other additional addressing that may have  
37 to occur.

38 We did send reviews to all the relevant agencies within the City and  
39 departments within the City regarding the street name change. Again  
40 several did recommend as, as, as we are this evening that there's a  
41 condition that changes all of Tashiro. There was a sign posted and notice  
42 was sent to all the properties affected by this segment of this petition that  
43 was, that was provided to us. If the P&Z agrees that the entire length of  
44 Tashiro be changed to Jim Bradley, we would then notice all of those  
45 people who are adjacent to that portion of Tashiro for the City Council  
46 hearing so that they know exactly what's being proposed.

1 Again staff's recommendation is that the entire of the, entire length  
2 of the street be changed in order to be consistent with our resolutions  
3 outlining street name changes. Did provide a finding of approval.  
4 Ultimately staff did find that it is consistent with Resolution 80-337 and  
5 Resolution 80-338 in so long as the condition that the entire road is  
6 changed is adhered to. And with that I'm open to any questions.  
7 Otherwise the petitioner, the primary petitioner and their representative is  
8 here to answer any questions you may have.  
9

10 Clifton: Thank you Katherine. Good evening Mr. Elliott. Could you please state  
11 your name and address full, for the record, full name please.  
12

13 Elliott: My name's Richard Elliott. In Las Cruces I'm known as "Bump" Elliott.  
14 Used to be Athletic Director for the School District for a number of years.  
15 We live at 797 Frank Maes and we are here representing community  
16 people, a community committee. We sincerely want to thank Mr. Clifton  
17 and the Commission for allowing us to come before you and we sincerely  
18 appreciate the hard work of the, Katherine and the Community  
19 Development people for helping us put this application together.  
20

21 Clifton: Could I take care of some housekeeping real quick for you?  
22

23 Elliott: Yes. I'm sorry.  
24

25 Clifton: Do you swear or ...  
26

27 Elliott: Oh yes.  
28

29 Clifton: Affirm that the testimony you are about to give is the truth and nothing but  
30 the truth under penalty of law?  
31

32 Elliott: Yes, I do.  
33

34 Clifton: Thank you. And we know where you live. We, we have your address  
35 now.  
36

37 Elliott: Okay, yeah. I'm up here speaking for the landowners and, and, and the  
38 committee. The committee that is, has been doing this thing is Jimmy  
39 Michael who's sitting back here, Kevin McGrath of Burger Time, and then  
40 Gary Moody. Also with us sitting back here, like, turn around so, is Phyllis  
41 Bradley, Coach Bradley's wife. Phyllis would you please stand up, and  
42 Debbie, Debbie Banegas, Coach Bradley's daughter. And we appreciate  
43 y'all coming. Thank you.  
44

45 Would like to just clear up one point and, and you all folks can see I  
46 get very nervous and I apologize. I'm not a very good public speaker but  
my heart's pounding a thousand miles an hour right now. In the original

1 presentation we are doing this in conjunction with Rudy Camunez, but it's  
2 not to name the sports complex after Rudy Camunez. It's not to name the  
3 Field of Dreams after Rudy but it's to name the Wall of Champions which  
4 is inside the Field of Dreams sports complex where all the state  
5 championship teams in the history of the Field of Dreams project is  
6 recognized and our proposal with, with coming before you folks is to name  
7 the, the road after Coach Bradley and then the Wall of Champions inside  
8 the complex as a, a, after Rudy Camunez.

9 A little bit about Coach Bradley: Coach Bradley was born in Las  
10 Cruces, graduated from Las Cruces High School, graduated from New  
11 Mexico State with both his Bachelor's and his Master's Degree. His  
12 granddad was the Superintendent of Las Cruces County Schools. His  
13 grandmother was a Principal of Grandview Elementary School here in  
14 Cruces. His mother was Principal of Grandview Elementary School and  
15 later they named the Grandview Elementary School Bradley Elementary  
16 School. His father Harry was one of the first Bulldog Football booster  
17 clubs when the Presidents, when Rudy Camunez was the head coach.  
18 Coach Bradley served in the United States Army. He developed,  
19 organized, and helped promote Apodaca Park Baseball Complex. He  
20 started little league football here in Las Cruces. He coached summer  
21 league American Legion. He was very instrumental in our community of  
22 building two football stadiums, not only the Field of Dreams of which he  
23 was a Executive Committee member and a Task Force member, but as a  
24 head football coach at New Mexico State University, he was also very  
25 instrumental in building and developing that plan for Aggie Stadium. He  
26 was also very instrumental and influential in developing, organizing, and  
27 promoting the Burger Time Golf Tournament with Kevin McGrath the, from  
28 the day one Coach Bradley and, supported that project and, and worked  
29 with Kevin to get that thing off the ground.

30 He was a very responsible, is, a, 1994 when he came back here  
31 very responsible for changing the culture and the environment and the  
32 expectations of athletics in the Las Cruces area, southern New Mexico,  
33 and really around the state because he came in, number one offering  
34 opportunities to a lot of kids but also building, changing the bar from being  
35 the average expectations to get them ready for life in terms of improving,  
36 increasing their expectations for athletic participation. The result of that I  
37 think speaks for itself with the success athletic teams have had in Las  
38 Cruces Public Schools, not just football but all sports, your band, your  
39 extracurricular activities since Coach got here, back here in 1994.

40 National recognition, the National High School Coaches, Coaches  
41 Association, Coach Bradley, Hall of Fame. He was the Football Coach of  
42 the Year in 1996 in the whole country and he also received the  
43 Distinguished Service Award. The New Mexico High School Coaches  
44 Association Hall of Honor in 1990, President, Football Coach of the Year  
45 five times, and he was on their Board of Directors eight years and he  
46 received the Ralph Boyer Character Award Coach of the Year. New

1 Mexico State University Athletic Hall of Fame Aggie Cornerstone Award,  
 2 City of Las Cruces proclamation Jim Bradley Day September 21st, 2016  
 3 and a, somewhat of an unusual recognition, Coach Bradley was inducted  
 4 into the Albuquerque Athletic Hall of Fame and being from Las Cruces  
 5 outside the realm of Albuquerque that was very unusual. Now the  
 6 Albuquerque Athletic Hall of Fame is, is known as the New Mexico Athletic  
 7 Hall of Fame. Second winningest high school football coach in the state of  
 8 New Mexico, fourth winningest football coach in New Mexico State  
 9 University. At Mayfield High School he won five state champion, football  
 10 championships and he was runner-up four times. At Las Cruces High  
 11 School where he also coached he was a sate, state champion in baseball  
 12 and all, coach and also a state championship coach in, in gymnastics. At  
 13 New Mexico State he was also co-champion of the Missouri Valley  
 14 Conference as his stint down there. So Coach Bradley's history and his  
 15 commitment to the Las Cruces community extends over many many many  
 16 decades and it involves all aspects of all of our lives, not just football, not  
 17 just Mayfield, but Las Cruces, Mayfield, New Mexico State, and around  
 18 the state and nationally. So we highly recommend this approval of our  
 19 request and if you have any questions I try to answer them. And again I  
 20 apologize for my voice. I hope you could understand it.

21  
 22 Clifton: Thank you very much Mr. Elliott. Are there any additional members of the  
 23 public who'd like to speak? No? Okay. Seeing none, Members of the  
 24 Commission. Commissioner Hedrick.

25  
 26 Hedrick: I have a quick question for staff. What's the derivation or the history of  
 27 Tashiro?  
 28

29 H-Rogers: Mr., the, the Tashiro family, Members of the Commission, Commissioner  
 30 Hedrick. The, the Tashiro family, I don't know their full history. They were  
 31 a farm family in town. I believe that they are of Japanese descent, I may  
 32 be wrong. And they were a farm family here in town and they owned a lot  
 33 of the land out there. I do believe there are still some Tashiros that  
 34 actually still live in Las Cruces. I don't, though, that I answered your  
 35 question but I don't have the full history behind the family.  
 36

37 Clifton: Okay. Thank you Katherine. Any additional comments? Commissioner  
 38 Ferrary.  
 39

40 Ferrary: Following up on that, I take it there wasn't any objection by any one of the  
 41 Tashiro family.  
 42

43 H-Rogers: Members of the Commission, Commissioner Ferrary. The only person  
 44 that is listed as Tashiro, there's one person in town we have not contacted  
 45 at this point of time. I, I'm actually not entirely positive that that is indeed a  
 46 descendant of this particular Tashiro. And if there are other family

- 1 members, of course these are publicly noticed meetings and hopefully  
2 they do read the public notice and they would come forward if there were  
3 any objections.  
4
- 5 Ferrary: Thank you. I do have one other question, or a statement I guess. I think  
6 that this is a really wonderful tribute to Coach Bradley and to have it in  
7 such a prominent area going to and from Field of Dreams and near  
8 Mayfield High School is really wonderful idea and hope it you know  
9 passes.  
10
- 11 Elliott: Thank you.  
12
- 13 Clifton: Any additional comments by the Commission? Okay. We'll close it to  
14 public participation and you know lastly I'd just like to make a comment  
15 that I believe I'm the only native Las Cruces on the Planning and Zoning  
16 Commission and I'm a Mayfield alumni. I did not disclose that cause I  
17 have no financial interest whatsoever in the renaming of this street but I do  
18 appreciate that Mr. Elliott and the members of Mr. Brad, Coach Bradley's  
19 family being here this evening. It will be a nice change and to finally  
20 recognize the Coach and all the contributions he made to Las Cruces in  
21 putting us on the map again, once again when he went back to Mayfield.  
22 Thank you. Okay. If I could get a motion and a second I would appreciate  
23 it.  
24
- 25 Ferrary: I'd like to move that we accept the change and the petitions that were so  
26 nicely represented by our community to change the name of Tashiro to  
27 Bradley and, the name of Jim Bradley Drive excuse me.  
28
- 29 Clifton: Do I have a second?  
30
- 31 Gordon: I second.  
32
- 33 Clifton: Okay we do have a motion and a second. Commissioner Hedrick.  
34
- 35 Hedrick: Aye.  
36
- 37 Clifton: Commissioner Muniz.  
38
- 39 Muniz: Aye.  
40
- 41 Clifton: Commissioner Stowe.  
42
- 43 Stowe: Aye.  
44
- 45 Clifton: Commissioner Ferrary.  
46

1 Ferrary: Aye.

2

3 Clifton: Commissioner Gordon.

4

5 Gordon: Aye.

6

7 Clifton: And the Chair votes aye. Congratulations.

8

9 MOTION PASSES UNANIMOUSLY.

10

11 **IX. OTHER BUSINESS**

12

13 Clifton: Okay. Seeing we are now through the, thank you Bump. Okay. Do we  
14 have other business, staff?

15

16 H-Rogers: No other business this evening but I am here to answer any questions. I  
17 know there have been some questions about perhaps initiating some  
18 zoning text amendments. I'd be glad to discuss that and perhaps that  
19 might be a better place at Staff Announcements if you'd prefer to discuss it  
20 then.

21

22 Clifton: Would that be related to the road improvement issue or separate?

23

24 H-Rogers: It would be related I believe to the road improvement ...

25

26 Clifton: Okay.

27

28 H-Rogers: Issue and I just was going to provide some guidance in terms of how to, to  
29 proceed.

30

31 Clifton: Okay. If you could on next month's agenda, could you include an Action  
32 Item for the election of a secretary since we're void of that position?

33

34 H-Rogers: Mr. Chair. Absolutely. We've discussed it earlier this evening and we're  
35 aware that does need to be added.

36

37 Clifton: Okay.

38

39 H-Rogers: We will make sure that happens.

40

41 Clifton: Okay. Thank you. Commissioner Gordon.

42

43 Gordon: Katherine you know that, you know my feelings and concerns about  
44 property that has been annexed by the City from the County and this  
45 problem that we have continually faced especially since I've been on the  
46 Commission. I think it's been in four or five times already that the same,

1 it's like déjà vu all over again and I really think that, I don't know what the  
2 exact procedure should be as to how we can get the City Council to  
3 recognize that we do have this problem. Cause I think what's going to  
4 happen in case after case unless there's some very unusual circumstance  
5 chances are that the, that the Commission will probably always vote to  
6 grant a waiver. I know I've been out to see every one of these sites and  
7 when you get out there there's literally nothing. And I can understand  
8 what the gentleman said who represented his client that it could be 25, 30  
9 years before this could possibly come into play where the road will actually  
10 be, have to be done. So I don't know how we go about this. I, I think that  
11 I've mentioned it before and I think that Mr. Hedrick also brought it up.  
12 There has to be some way that we can initiate some dialogue between the  
13 Commission and the City Council or the City Manager to the City Council  
14 or however it works, through the Mayor, back to the Council, through  
15 Community Development, but I think some, we do have to talk about this.  
16 I mean it's going to come up again and again and again and again so I  
17 think that this is a matter that we have to resolve so that we're not faced  
18 with this. And it, it's a lot of work also for staff to go through all of this,  
19 prepare all of this paperwork and meetings and have all these other  
20 agencies go through the, the, the hoops to wind up in the same position.  
21 It's almost like a waste of time as far as I'm concerned. So I don't know if  
22 you could perhaps give us direction as to how this has to be done or how  
23 we can do it. I think that I certainly, and I hope that my fellow  
24 Commissioners feel the same way.

25  
26 H-Rogers: Absolutely. Members of the Commission, Commissioner Gordon.  
27 Ultimately I, I think from staff's perspective a, a good place to start would  
28 actually be to have a, a work session with all of you, a regular work  
29 session to discuss your ideas and concepts regarding this particular issue.  
30 It's something that's been brought up at City Council because of course  
31 these waivers do go to City Council. So they're fully aware that it is an  
32 issue. They have had some small discussions in terms of maybe making  
33 some policy changes. They have yet to direct staff to actually enact those  
34 changes. But I believe if we could sit down and discuss maybe some of  
35 your ideas and concepts during a work session staff could, could try to  
36 develop some language that might be suitable and I of course can work  
37 with my director to, to spread the word to those above you to, to also be  
38 on the radar and, and, and direct staff to continue with that. Of course all  
39 of you have the ability to contact your representatives or the Mayor as, as  
40 yours is Mr. Gordon to discuss your issues and concerns. And that's a  
41 great way to do it, is just to give them a phone call or an e-mail to said if  
42 you can, to see if you can schedule a meeting with him to discuss it. But I  
43 think the, the starting place would be a work session with all of you to  
44 discuss your issues and concerns so that staff can start at least drafting  
45 something and get the ball rolling.  
46

- 1 Gordon: Well I see already from an e-mail I got today that the work session for July  
2 has been canceled. So we certainly probably can't do it in July. Perhaps  
3 in a very near future however I think that possibly what, is a good  
4 suggestion. At least we can at least bounce off some of our ideas and  
5 perhaps we can give those back to Community Development and then I  
6 don't know whether or not, what your step would be then after that, giving  
7 some direction that we might be able to give you as to where we think this  
8 thing should go if you know what I'm trying to tell you.  
9
- 10 H-Rogers: No I, I, I fully understand. I think, I think text amendments can be initiated  
11 by this group but I don't want it to be fruitless and, and have a lot of hard  
12 work without actually having the support of City Council. So I'll work with  
13 my director to, to spread the information and get the, try to get some  
14 feedback from maybe the mayor to, to move forward. But I think again as  
15 a starting place we would like to have at least the work session so that we  
16 know what your interests are so that staff can at least provide some  
17 direction and begin developing some language that may be suitable.  
18
- 19 Gordon: So for this type of meeting you would suggest that we present you with an  
20 agenda as to what our concerns are?  
21
- 22 H-Rogers: I, staff is going to prepare the, the agenda of course but it's going to be an  
23 open forum. I, that's, we can, oftentimes City Council will actually sit at  
24 this table depending upon the, the topic but it would be nice to have just a  
25 round-table discussion during a work session which we can do, just to get  
26 everybody's ideas and concepts out there. We would prepare an agenda  
27 for you though, but it would be more of a, a, a back-and-forth  
28 communication between staff and, and the Commission to understand  
29 what your concerns and needs are.  
30
- 31 Gordon: But it was something that we would have to give you in advance as, as to  
32 what, like I would give you, I would just present you with something in  
33 writing as to what my concerns are and I, my fellow Commissioners would  
34 do the same?  
35
- 36 H-Rogers: We can do it that way. Otherwise it can just be a, more of an open  
37 discussion during the work session. Staff would be prepared of course to  
38 set the agenda and prepare any documentation having to do with the  
39 history of, of why these regulations were put in place, kind of the pros and  
40 cons about modifying them, that sort of thing but we would be happy to  
41 take in any information you want to give us in advance.  
42
- 43 Gordon: Yeah because I, I, the last thing I really want to do is to blindside you and  
44 ask you something that would require some time on your part or a part of  
45 your staff to go back and do a little research and come back with an  
46 answer and a possible solution.

- 1  
2 H-Rogers: Sure. Sure, we understand.  
3  
4 Gordon: All right. Thank you.  
5  
6 Clifton: I would, I would suggest though as a matter of transparency that anything  
7 that's sent to staff that we openly discuss for the record at the work  
8 session and I would also suggest that maybe staff come in with a few  
9 options cause I don't know that it's in the purview of this body to sit and  
10 write code.  
11  
12 H-Rogers: No.  
13  
14 Clifton: And I, I won't allow that and I don't think we should.  
15  
16 H-Rogers: No.  
17  
18 Clifton: And also just as a starting point Katherine you guys might want to look at  
19 the Subdivision Code Amendment we did back in the, I think the late '90s,  
20 early 2000s in, under the Design Standards Article that addressed the  
21 planning and platting of right-of-ways and acceptance and that was really  
22 geared towards large tract development and future planning for you know  
23 selling of large pieces but maybe we could look at something that and  
24 possibly approach it from more of a fiscal point of view than a, a design  
25 standard point of view.  
26  
27 H-Rogers: Absolutely. Staff has, it's, because of this issue that's arisen so many  
28 times here and at City Council staff has developed some concepts in  
29 terms of how to deal with this so that we have fewer waiver requests.  
30 Similar to the ETZ we have a "get out of jail free card." When it's never  
31 been subdivided before, somebody wants to come in, subdivide, just a  
32 two-lot split road improvements aren't required. And so we've thought  
33 about several concepts so we would be bringing those to you.  
34  
35 Clifton: It's a decade-old issue.  
36  
37 H-Rogers: It is.  
38  
39 Clifton: Okay. Commissioner Hedrick.  
40  
41 Hedrick: Yeah, but bear with me as I read to you one sentence out of the Code of  
42 Ordinances to perhaps put some of you at ease. Section 2-380: The  
43 Planning and Zoning Commission shall review the zoning, planning, and  
44 platting of the City, shall investigate any problem relating thereto, and shall  
45 make recommendations to the City Council. I totally concur with the  
46 workshop approach although I think the participation needs to be

1 broadened to the building community, representatives like you saw, saw  
2 tonight and, and the general public. Thank you.

3  
4 Clifton: Any additional comments? Commissioner Ferrary.

5  
6 Ferrary: I was just wondering if we are going to be somewhat directed towards the  
7 redefinition of hardship or if it, is it more of the design standards and the  
8 plotting for large developments.

9  
10 H-Rogers: Members of the Commission, Commissioner Ferrary. I, I, we could look at  
11 both of those options. I think that's what the discussion during a work  
12 session would be unless you have some real hard concepts about the  
13 direction you want to go or the questions you want to ask beforehand. But  
14 I think we can look at all. I think it's important to look, look at it all.

15  
16 Ferrary: Thank you.

17  
18 **X. PUBLIC PARTICIPATION**

19  
20 Clifton: Okay, I'll ask. I don't see any members of the public out there but is there  
21 any public participation?  
22

23 **XI. STAFF ANNOUNCEMENTS**

24  
25 Clifton: Adam, you got anything for us? Any more staff announcements? He  
26 does. Mr. Dubbin you okay over there? Okay good.  
27

28 Ochoa: Just wanted to let the Commission know we've, we have had in the past,  
29 got an e-mail from one, one of our Commissioners asking about you know  
30 how past cases here at P, at the Planning and Zoning Commission went  
31 forward into the next steps if you will. Not the first e-mail we've gotten  
32 where people are asking, "So what happened with this? What happened  
33 with that?" and so on and so forth. So I have discussed it with my  
34 administrators and we're going to try to put together kind of like a memo if  
35 you, if you will to put within your staff reports just basically stating you  
36 know, "This case which you heard on this month, this happened. This  
37 case which happened on this month, you voted this way, this happened."  
38 Just to give you a general idea of what happened with some of the cases  
39 you've seen before and since it was a little late unfortunately to get  
40 something put together for last month's but I believe we had two cases:  
41 The special use permit for the childcare group, child home on Albion, that  
42 was not appealed by anybody so it is, was approved and it stayed  
43 approved so they got their special use permit for that. And the waiver  
44 request is ready to go before, the other waiver request was at that time on  
45 Bell Road will be going to City Council I believe middle of July, July 11th  
46 for City Council's action, final action on that. But that's essentially it so just

1 keep an eye out for that and if you have any questions on it don't hesitate  
 2 to give us a call. And just one more announcement: We are at a full  
 3 Commission now, we do have all seven now. Like to welcome  
 4 Commissioner LaVonne Muniz for District 2, she's our new Commissioner.  
 5 So hopefully we'll have seven for a long time just like we did before. We  
 6 had one for so can have a nice large quorum for these meetings now and  
 7 a welcome ma'am.

8  
 9 Clifton: Okay. Thank you staff.

10  
 11 **XII. ADJOURNMENT (7:12 p.m.)**

12  
 13 Clifton: Seeing no more comments can I get a motion to adjourn?

14  
 15 Ferrary: Just one quick, do we need to make a formal request for this work session  
 16 or you will go ahead and call it for us?

17  
 18 H-Rogers: Commissioner Ferrary, Members of the Commission. We will go ahead  
 19 and prepare something and I will work with Kirk as the Chairman to make  
 20 sure that it's addressing everything that you need.

21  
 22 Ferrary: Thank you. I move that we adjourn.

23  
 24 Clifton: Do I have a second?

25  
 26 Gordon: Second.

27  
 28 Clifton: All in favor?

29  
 30 MOTION PASSES UNANIMOUSLY.

31  
 32 Clifton: Motion to adjourn, unanimous decision. Thank you very much. We are  
 33 now adjourned at 7:12.
