

# 10 City of Las Cruces<sup>®</sup>

PEOPLE HELPING PEOPLE

## Council Action and Executive Summary

Item # 1 Ordinance/Resolution# 09-10-431 Council District: 1-6

For Meeting of November 23, 2009  
(Adoption Date)

**TITLE:**

**A RESOLUTION AUTHORIZING THE RENEWAL OF THE GENERAL ENGINEERING SERVICES AGREEMENTS FOR A ONE-YEAR PERIOD WITH MOLZEN-CORBIN AND ASSOCIATES OF LAS CRUCES, NM; BOHANNAN HUSTON, INC. OF LAS CRUCES, NM; AECOM USA, INC. OF ALBUQUERQUE, NM; CAMP, DRESSER, MCKEE, INC. OF ALBUQUERQUE, NM; AND GANNETT FLEMING WEST, INC. OF ALBUQUERQUE, NM TO PROVIDE GENERAL ENGINEERING SERVICES TO THE CITY OF LAS CRUCES ON AN AS NEEDED BASIS.**

**PURPOSE(S) OF ACTION: Renew the General Engineering Services Agreements for a one-year period.**

Name of Drafter: Nancy Montoya <i>NM</i> <sup>AV</sup>		Department: PW/Engineering Services <sup>JR</sup>		Phone: 528-3171	
Department	Signature	Phone	Department	Signature	Phone
Public Works	<i>Michael</i>	3333	Budget	<i>Richard</i>	2300
			Assistant City Manager	<i>John</i>	2271
Legal	<i>Kyle</i>	2128	City Manager		2076

**BACKGROUND / KEY ISSUES / CONTRIBUTING FACTORS:**

In September of 2008, the Engineering Services Section of the Public Works Department requested proposals for General Engineering Services. These services are required to perform design functions that include, but are not limited to, the following: structural, roadway, site development, electrical, mechanical, landfill systems, water, wastewater, and gas system design, drainage and FEMA studies, computer network analysis, traffic impact and transportation modeling studies, environmental surveys and assessments, geotechnical assessments and solid waste studies. The purpose of the General Engineering Services RFP is to pre-qualify five (5) engineering firms that can provide a wide variety of engineering disciplines to perform work on large, multi-faceted City of Las Cruces (City) engineering projects.

These agreements are one- (1-) year contracts with the option to renew for four (4) additional one- (1-) year terms at the discretion of the City and under mutual agreement. It is advantageous for the City to have a pre-qualified list of general engineers from which to select, in order to get budgeted projects completed. All departments within the City will be able to enter into individual project agreements with these engineering firms on an as

needed basis. There are times when special funding (e.g., legislative, NMDOT, etc.) is made available to the City for specific projects. The funding sources often give strict time frames within which improvements must be designed and constructed in order to secure the funding. By having a pre-qualified list of engineers, it will not be necessary to go through the extensive and time consuming request for proposal process in order to contract the necessary work for each individual project. These agreements will allow Public Works to contract with any one of the five (5) pre-qualified firms. As a result, valuable time is saved in the design of each project and staff time can be used on other projects and in other capacities.

The General Engineering Services Agreements will be set up as individual purchase orders depending on available funding. The agreements for individual engineering projects will be authorized pursuant to the provisions of the Las Cruces Municipal Code, 1998, Chapter 24, Procurement Code. In accordance with Section 24-99 (b) Authority to Award, the Purchasing Manager is authorized to enter into individual contracts with these five (5) pre-qualified engineering firms for engineering services in an amount up to \$35,000.00; contracts having a value in excess of \$35,000.00 but less than \$50,000.00 will require the approval of the City Manager; and contracts in excess of \$50,000.00 will be taken to City Council for approval prior to contracting.

The original agreements were awarded in November of 2008. The City of Las Cruces Public Works Department-Engineering Services Section requests approval from the City Council to renew the agreements with Molzen-corbin and Associates of Las Cruces, NM; Bohannon Huston, Inc. of Las Cruces, NM; AECOM USA, Inc. of Albuquerque, NM; Camp, Dresser, Mckee, Inc. of Albuquerque, NM; and Gannett Fleming West, Inc. of Albuquerque, NM for a one (1) year period to provide general engineering services for the City, on an as needed basis.

### **SUPPORT INFORMATION:**

<b>Fund Name / Account Number</b>	<b>Amount of Expenditure</b>	<b>Budget Amount</b>
Various as projects are identified	Various as projects are identified	Various as projects are identified

1. Resolution.
2. Purchasing Manager's Request to Contract Form (PMRC), Exhibit "A".
3. General Engineering Services Agreement, Exhibit "B".
4. Vendor renewal approval letters, Exhibit "C".

### **OPTIONS / ALTERNATIVES:**

1. Vote "YES". This action will authorize the City of Las Cruces to renew the agreements with Molzen-corbin and Associates of Las Cruces, NM; Bohannon Huston, Inc. of Las Cruces, NM; AECOM USA, Inc. of Albuquerque, NM; Camp, Dresser, Mckee, Inc. of Albuquerque, NM; and Gannett Fleming West, Inc. of Albuquerque, NM, to provide general engineering services for the City on an as needed basis. This will allow the City of Las Cruces to have flexibility in contracting engineering projects through these agreements without having to go through the request for proposal process each time.

2. Vote "NO". This action will reject the proposed award and instruct staff to either re-bid, re-scope, or abandon these agreements altogether. Without these agreements, engineering projects could be delayed and the City of Las Cruces will have to explore an alternative means of procuring general engineering services.
3. Table the resolution and provide an alternative direction to staff.

**RESOLUTION NO: 09-10-431**

**A RESOLUTION AUTHORIZING THE RENEWAL OF THE GENERAL ENGINEERING SERVICES AGREEMENTS FOR A ONE-YEAR PERIOD WITH MOLZEN-CORBIN AND ASSOCIATES OF LAS CRUCES, NM; BOHANNAN HUSTON, INC. OF LAS CRUCES, NM; AECOM USA, INC. OF ALBUQUERQUE, NM; CAMP, DRESSER, MCKEE, INC. OF ALBUQUERQUE, NM; AND GANNETT FLEMING WEST, INC. OF ALBUQUERQUE, NM TO PROVIDE GENERAL ENGINEERING SERVICES TO THE CITY OF LAS CRUCES ON AN AS NEEDED BASIS.**

The City Council is informed that:

**WHEREAS**, the Public Works Department-Engineering Services Section requested proposals for General Engineering Services in September of 2008; and

**WHEREAS**, these services are required to perform design functions that include, but are not limited to, the following: structural, roadway, site development, electrical, mechanical, landfill systems, water, wastewater, and gas system design, drainage and FEMA studies, computer network analysis, traffic impact and transportation modeling studies, environmental surveys and assessments, geotechnical assessments and solid waste studies; and

**WHEREAS**, the purpose of the General Engineering Services request for proposals is to pre-qualify five (5) engineering firms that can provide a wide variety of engineering disciplines to perform work on large, multi-faceted City of Las Cruces (City) engineering projects; and

**WHEREAS**, these agreements were awarded in November 2008 for a one (1) year term with the option to renew for four (4) additional one- (1-) year terms at the discretion of the City and upon mutual agreement; and

**WHEREAS**, each firm has agreed to the agreement renewal; and

**WHEREAS**, the Public Works Department-Engineering Services Section requests award of the first year renewable option to Molzen-Corbin and Associates of Las Cruces, NM; Bohannan Huston, Inc. of Las Cruces, NM; AECOM USA, Inc. of Albuquerque, NM; Camp, Dresser, McKee, Inc. of Albuquerque, NM; and Gannett Fleming West, Inc. of Albuquerque, NM.

**NOW, THEREFORE,** Be it resolved by the governing body of the City of Las Cruces:

**(I)**

**THAT** the renewal of the General Engineering Services Agreement for a one- (1-) year period with Molzen-Corbin and Associates of Las Cruces, NM; Bohannon Huston, Inc. of Las Cruces, NM; AECOM USA, Inc. of Albuquerque, NM; Camp, Dresser, McKee, Inc. of Albuquerque, NM; and Gannett Fleming West, Inc. of Albuquerque, NM is hereby approved.

**(II)**

**THAT** the agreement is for a one- (1-) year period commencing on November 3, 2009 and terminating November 2, 2010.

**(III)**

**THAT** City staff is hereby authorized to do any and all deeds necessary in the accomplishment of the herein above.

**DONE AND APPROVED** this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.

#### CONFIRMATION OF FUND ENCUMBRANCE:

REQUISITION OR PURCHASE ORDER NUMBER:	Various
---------------------------------------	---------

**GENERAL ENGINEERING SERVICES CONTRACT**

**THIS CONTRACT** is entered into on this \_\_\_\_ day of \_\_\_\_\_, 20\_\_ between the City of Las Cruces, a New Mexico Municipal Corporation, hereinafter called the "City"; and \_\_\_\_\_ ("Engineer"), a corporation registered to provide engineering services in New Mexico.

**WHEREAS**, on November 23, 2009 in Resolution No. 09-10-431, the City Council renewed engineering contracts to five (5) engineering firms to provide general engineering services to the City on an as needed basis;

**WHEREAS**, this General Engineering Services Contract contains all of the general terms that will apply to each specific project that will be assigned by the City to the Engineer under the Contract.

**NOW, THEREFORE**, the parties agree as follows:

1. Background Documentation: The Technical Proposal and Cost Proposal submitted by the Engineer in response to the City's RFP No. 08-09-328 are included in and made a part of this Contract by reference.
2. Services to be Performed. For each project contracted under this Contract, the Engineer shall perform and/or furnish to the City those items requested and for which the Engineer has agreed to provide as stated in its Technical Proposal.
3. Payment for Services. The City shall pay for said services at the rate herein. Payment will not be made by the City until the services for that project have been received and accepted by the City as being in compliance with the instructions and specifications, except for long term projects being sixty (60) days or longer. Monthly billings based on the percent of work completed will be accepted and negotiated for each specific long term project. Payments shall include reimbursement for all expenses incurred in rendering such services unless otherwise specifically provided.
4. Completion Date. The time given for completion of each project shall be stated in the cost proposal for that project. The project shall be performed by the completion date unless the City's project administrator agrees to an extension of the performance date in writing.
5. City Responsibility. The City will make available for the use of the Engineer all of its maps, records, or other data pertinent to the work to be performed by the Engineer pursuant to the Contract, and also any other maps, records, or other materials available to the City upon the City's request to any other public agency or body.

6. Compliance with Appropriate Laws. The Engineer will comply with all applicable Federal, State, and local laws and ordinances applicable to this work, including the Civil Rights Act of 1964.

7. Term. This Contract covers projects assigned by the City to the Engineer from November 3, 2009 through November 2, 2010 and shall be subject to annual approval each anniversary date pending mutual agreement between the parties.

8. Termination. This Contract may be terminated by either party upon written notice delivered at least thirty (30) days before the intended date of termination. By such termination neither party may nullify obligations already incurred for performance or failure to perform before the date of termination. On termination by the City without cause, the Engineer will be paid for termination expenses including but not limited to reassignment of personnel, subcontract termination costs and related close out costs.

9. Renewal: This agreement must be annually approved by the City for each successive one (1) year periods at sole option and discretion of the City and pending mutual agreement by the Engineer. At the time of renewal of the Agreement, the Engineer may renegotiate its pricing with the City. If this Agreement is not renewed or is terminated, the Engineer shall be required to complete any projects still in progress at the rates negotiated for those projects.

10. Appropriations. The terms of this contract are contingent on sufficient appropriations and authorization being made by the City for the performance of this Contract. If sufficient appropriations and authorizations are not made by the City Council, this Contract shall terminate upon written notice given by the City to Engineer. The City's decision as to whether sufficient appropriations and authorizations exist shall be accepted by Engineer and shall be final.

11. Project Assignments. The City will attempt to make project assignments on a rotating basis, but is not obligated to do so. This Contract does not constitute a grant to the Engineer of any right to handle any specific project nor any specific number of projects. The City may, at its sole discretion, assign or reassign projects as it deems expedient. The City, when giving work assignments, will take into account the type of work the Engineer is capable of providing to the City as stated in his Technical Proposal, the jobs the Engineer has already performed or is currently performing for the City, and whether the Engineer can meet the project deadline. The City also reserves the right to reject project specific cost proposals from the Engineer and to secure a project specific cost proposal from another engineer.

12. Status of Engineer. The Engineer, its agents and employees are independent contractors performing services for the City, and are not employees of the City. The Engineer, its agents and employees shall not, as a result of this Contract, accrue any leave, retirement, insurance, bonding, use of City vehicles, or any other benefit afforded to employees of the City.

13. Assignment. The Engineer shall not assign or transfer any interest in this Contract or assign any claims for money due or to become due under this Contract without the prior written consent of the City. If assigned, the Contract shall extend to and be binding upon the successors and assigns of the Engineer.

14. Subcontract. The Engineer shall not subcontract any portion of the services to be performed under this Contract without the City's prior written consent.

15. Indemnification. The Engineer shall indemnify, and hold harmless the City and its officers, employees or agents, liability, claims, damages, losses or expenses, only to the extent that the liability, damages, losses or costs are caused by, or arise out of, the negligent acts or omissions of the Engineer or its officers, employees or agents.

16. Conflict of Interest. The Engineer warrants that he will not undertake any engineering services under this Contract with regard to any property as to which it will or might have an interest, direct or indirect, which would conflict in any manner or degree with the performance of services under this Contract.

17. Ownership of Plans and Documents. The Engineer shall deliver to the City for approval and acceptance, and before payment can be made, all documents and materials prepared by and for the City, not limited to the following, under this Contract:

- A. Preliminary report containing schedule of work and cost estimate.
- B. Hard copies of the construction plans and in Adobe PDF format for use by the City Purchasing Section in its bid solicitations.
- C. Record drawings on electronic media and reproducible prints. Electronic drawings shall be on compact disk (CD) drawn in AutoCAD version 2002 (AutoDesk® Land Desktop #3) or mutually agreed upon equivalent.
- D. Project reports.
- E. Any other item specified in the individual project agreements.

The City will be the owner of all plans and documents prepared by the Engineer under this agreement. Such plans and documents are not intended or represented to be suitable for reuse by the City and any such re-use without written authorization from the Engineer will be at the City's sole risk and without liability to the Engineer.

18. Amendments. This Contract shall not be amended except by written instrument executed by both parties.

19. Insurance

The Engineer will be required to provide proof of insurance for each separate project prior to performing work on City owned property. The requirements are as follows:

1. General Liability: \$1,000,000.00 per occurrence  
\$2,000,000.00 Aggregate
  - a. Includes Coverage for Premises/Operation Coverage & Products/Completed Operations
  - b. Must be Occurrence form coverage
  - c. Coverage shall remain in force for the duration of the contract.
2. Auto Liability: \$1,000,000.00 Each Accident
  - a. Covers all owned, leased, hired and non-owned autos or "any auto"
3. Professional Liability: \$1,000,000 per claim
  - a. Must be Occurrence form coverage
4. Workers Compensation:
  - a. Not applicable to firms with less than three employees, or, to out-of-state firms unless hiring in New Mexico.
  - b. When applicable, firm must provide the New Mexico statutory limits as follows:

\$1,000,000.00 – Bodily Injury: By Accident – Each Accident

\$1,000,000.00 – By Disease: Policy Limit

\$1,000,000.00 – By Disease: Each Employee

5. City of Las Cruces Named as Additionally Insured:
  - a. This condition is required for General Liability, Auto Liability and Professional Liability.
  - b. This coverage must be as broad as the coverage provided to the insured. Coverage must be primary and non-contributory before any other insurance or self-insurance. A copy of endorsement for this coverage must provided.
6. Waiver of Subrogation:
  - a. This condition is required on **all** coverage and must be stated on proof of insurance certificate.
7. Notification:
  - a. The certificate must state that coverage afforded under the policies will not be canceled or allowed to expire until at least **30** days prior written notice has been given to the City.

20. Applicable Law. The rights and obligations of the parties under this Contract shall be governed by the laws of the State of New Mexico.

21. Engineer's Personnel at a Construction Site. Neither the professional activities of the Engineer, nor the presence of the Engineer or its employees and sub consultants at a construction/project site, shall relieve the General Contractor of its obligations, duties and responsibilities including, but not limited to, construction means, methods, sequence, techniques or procedures necessary for performing, superintending and coordinating the work in accordance with the contract documents and any health or safety precautions required by any regulatory agencies. The Engineer and its personnel have no authority to exercise any control over any construction contractor or its employees in connection with their work or any health or safety programs or procedures.

22. Engineer's Personnel and Local Office. The Engineer shall have a local office with engineering staff on-site, everyday that is responsible on behalf of the Engineer during the progress of each individual project under contract with the City. Any deviation from this requirement is at the discretion of the City and must be approved in writing by the City.

23. Standard of Care. The standard of care applicable to Engineer's services will be the degree of skill and diligence normally employed by professional engineers or consultants performing the same or similar services at the time said services are performed. The Engineer will re-perform any services not meeting this standard without additional compensation.

24. Intergovernmental Contract Extension. The Engineer may extend the terms and conditions of this contract to other governmental entities pursuant to the governing laws of those entities. The City of Las Cruces shall not have any liability to Engineer as a result of such extension.

25. Force Majeure. The Engineer is not responsible for damages or delay in performance caused by acts of God, strikes, lockouts, accidents or other events beyond the control of the Engineer. In any such event, the Engineer's contract price and schedule shall be equitably adjusted.

IN WITNESS WHEREOF, the parties hereto have executed this Contract the day and

year above mentioned.
